

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Nytko
DOCKET NO.: 19-07151.001-R-1
PARCEL NO.: 04-28-130-009

The parties of record before the Property Tax Appeal Board are Scott Nytko, the appellant, by attorney Sreeram Natarajan, of Natarajan Worstell LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,673
IMPR.: \$31,277
TOTAL: \$34,950

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of aluminum siding exterior construction with 1,176 square feet of living area. The dwelling was built in 1988. Features of the home include a basement and central air conditioning. The property has a 5,800 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in same assessment neighborhood code as the subject. The comparables are described as one-story dwellings of wood siding or aluminum siding exterior construction ranging in size from 1,092 to 1,176 square feet of living area. The dwellings were built from 1988 to 1992. Three comparables have central air conditioning. The comparables have improvement assessments ranging from \$23,861 to \$26,177 or from \$20.83 to \$22.26 per square

foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$34,950. The subject property has an improvement assessment of \$31,277 or \$26.60 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in same assessment neighborhood code as the subject. The comparables consist of one-story dwellings of wood siding, vinyl siding or aluminum siding exterior construction ranging in size from 1,120 to 1,176 square feet of living area. The dwellings were constructed from 1989 to 1993 and have basements. Four comparables have central air conditioning and a garage ranging in size from 440 to 672 square feet of building area. The comparables have improvement assessments ranging from \$30,010 to \$34,769 or from \$25.52 to \$30.30 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted ten equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as each dwelling lacks a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which have basements and are similar to the subject in location, age, dwelling size and other features. However, four comparables each have a garage unlike the subject that suggests a downward adjustment to make each comparable more equivalent to the subject. These comparables have improvement assessments ranging from \$30,010 to \$34,769 or from \$25.52 to \$30.30 per square foot of living area. The subject has an improvement assessment of \$31,277 or \$26.60 per square foot of living area, which falls within the range established by the best comparables in the record. Therefore, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
