

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Nytko  
DOCKET NO.: 19-07156.001-R-1  
PARCEL NO.: 04-16-320-002

The parties of record before the Property Tax Appeal Board are Scott Nytko, the appellant, by attorney Sreeram Natarajan, of Natarajan Worstell LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$5,009  
**IMPR.:** \$28,151  
**TOTAL:** \$33,160

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of wood siding exterior construction with 988 square feet of living area. The dwelling was built in 1963. Features of the home include a basement, central air conditioning and a 576 square foot garage. The property has a 9,000 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in same assessment neighborhood code as the subject. The comparables are described as one-story dwellings of wood siding exterior construction with each containing 1,053 square feet of living area. The dwellings were built in 1960. Two comparables have central air conditioning and one comparable has a garage with 484 square feet of building area. The comparables have improvement assessments ranging from \$19,355 to \$21,045 or from \$18.38 to

\$19.99 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$33,160. The subject property has an improvement assessment of \$28,151 or \$28.49 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in same assessment neighborhood code as the subject. The comparables consist of one-story dwellings of wood siding exterior construction ranging in size from 952 to 1,120 square feet of living area. The dwellings were constructed in 1966 or 1967 and have basements. Two comparables have central air conditioning. Each comparable has a garage ranging in size from 600 to 960 square feet of building area. Comparable #4 has an additional 728 square foot garage. The comparables have improvement assessments ranging from \$30,389 to \$35,641 or from \$28.58 to \$32.64 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as each dwelling lacks a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which have basements and are similar in location, age, dwelling size and most features. These comparables have improvement assessments ranging from \$30,389 to \$35,641 or from \$28.58 to \$32.64 per square foot of living area. The subject has an improvement assessment of \$28,151 or \$28.49 per square foot of living area, which falls below the improvement assessment range established by the best comparables in the record both on overall and per square foot bases. Therefore, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
