

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Nytko
DOCKET NO.: 19-07158.001-R-1
PARCEL NO.: 04-15-317-005

The parties of record before the Property Tax Appeal Board are Scott Nytko, the appellant, by attorney Sreeram Natarajan, of Natarajan Worstell LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,752
IMPR.: \$36,743
TOTAL: \$41,495

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick exterior construction with 1,247 square feet of living area.¹ The dwelling was built in 1966. Features of the home include a basement, central air conditioning and a 729 square foot garage. The property has an 8,100 square foot site and is located in Zion, Zion Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same assessment neighborhood code as the subject. The comparables are described as one-story dwellings of brick exterior construction ranging in size from 1,148 to 1,560 square feet of living area. The dwellings were built from 1957 to 1965. has a basement. Two comparables have central air conditioning and each comparable has a garage ranging in size from 376 to 624 square feet of building area. The comparables have improvement assessments ranging from \$24,921 to \$34,811 or from \$21.61 to \$24.25 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$41,495. The subject property has an improvement assessment of \$36,743 or \$29.47 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on ten equity comparables located in same assessment neighborhood code as the subject. For ease of reading, the Board has renumbered the second set of comparables as #6 through #10. The comparables consist of one-story dwellings of wood siding, vinyl siding, or aluminum siding exterior construction ranging in size from 1,092 to 1,295 square feet of living area. The dwellings were constructed from 1960 to 1989 and have basements. Five comparables have central air conditioning. Each comparable has a garage ranging in size from 480 to 728 square feet of building area. The comparables have improvement assessments ranging from \$33,395 to \$40,636 or from \$29.07 to \$32.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted ten equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2, #3 and #5 as each dwelling lacks a basement when compared to the subject. The Board gives less weight to board of review comparable #2 due to its significantly newer year built.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 and the remaining board of review comparables which have basements and are relatively similar the subject in location, dwelling size and some features. These comparables have improvement assessments ranging from \$32,806 to \$40,636 or from \$24.05 to \$32.98 per square foot of living area. The subject has an improvement assessment of \$36,743 or \$29.47 per square foot of living area, which falls within the improvement assessment range established by the best comparables in the record. Therefore, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
