

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Brodson
DOCKET NO.: 19-07323.001-R-1
PARCEL NO.: 15-06-414-021

The parties of record before the Property Tax Appeal Board are Steven Brodson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$31,923
IMPR.: \$100,704
TOTAL: \$132,627

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding exterior construction containing 2,280 square feet of living area. The dwelling was built in 1991 and is approximately 28 years old. Features of the home include a full basement with a 719 square foot recreation room, central air conditioning, and an attached garage with 420 square feet of building area. The property has a 10,890 square foot site and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of wood siding exterior construction each with 2,280 square feet of living area. The dwellings are either 29 or 30 years old. Each comparable has an unfinished basement, central air conditioning, and an attached garage with 420 square feet

of building area. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .07 to .25 miles from the subject property. The improvement assessments on these properties range from \$93,111 to \$93,883 or from \$40.84 to \$41.18 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$93,594.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$132,627. The subject property has an improvement assessment of \$100,704 or \$44.17 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of wood siding exterior construction with either 2,280 or 2,386 square feet of living area. The homes were built in 1989 and 1991. Each comparable has a full basement with three having recreation rooms containing 603 or 855 square feet. Each comparable also has central air conditioning and an attached garage with 420 square feet of building area. Three comparables have one fireplace. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .10 to .30 miles from the subject property. The improvement assessments on these properties range from \$97,031 to \$103,055 or from \$42.55 to \$45.20 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties that are similar to the subject in location, age, style, and size. The comparables are also similar to the subject in features with the exception that six have unfinished basements unlike the subject dwelling's basement recreation room, and three have one fireplace while the subject has no fireplace. The comparables have improvement assessments that range from \$93,111 to \$103,055 or from \$40.84 to \$45.20 per square foot of living area. The subject's improvement assessment of \$100,704 or \$44.17 per square foot of living area falls within the range established by the comparables in this record and well supported when considering necessary adjustments for the differing features.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists on the basis of the evidence.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
