

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ung Kim
DOCKET NO.: 19-07347.001-R-1
PARCEL NO.: 15-16-105-015

The parties of record before the Property Tax Appeal Board are Ung Kim, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$41,866
IMPR.: \$161,443
TOTAL: \$203,309

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding and brick exterior construction with 3,160 square feet of living area. The dwelling was constructed in 1995 and is 24 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 484 square foot garage. The property has a 10,505 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in same assessment neighborhood code as the subject and from .24 to .35 miles from the subject. The comparables are described as two-story dwellings of wood siding exterior construction with 3,236 or 3,256 square feet of living area. The dwellings are 27 years old. Each comparable has an unfinished basement, central air conditioning, and a garage with

469 square feet of building area. Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$158,023 to \$160,588 or from \$48.83 to \$49.63 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,309. The subject property has an improvement assessment of \$161,443 or \$51.09 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in same assessment neighborhood code as the subject and from .08 to .31 miles from the subject. The comparables consist of two-story dwellings of wood siding, brick, or wood siding and brick exterior construction ranging in size from 2,807 to 3,567 square feet of living area. The dwellings were constructed from 1994 to 2001. The comparables have basements with three having recreation rooms. Each comparable has central air conditioning and a garage ranging in size from 441 to 921 square feet of building area. The comparables have improvement assessments ranging from \$163,175 to \$193,835 or from \$54.34 to \$59.28 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables #1, #2 and #5 which have basement recreation rooms unlike the subject's unfinished basement.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are most similar to the subject in dwelling size, age and most features and board of review comparables #3 and #4 which are most similar to the subject in location. These two comparables are also similar to the subject in dwelling size, age and features except for both having larger garages that require downward adjustments to make them more equivalent to the subject. The most similar properties have improvement assessments ranging from \$158,023 to \$166,396 or from \$48.83 to \$59.28 per square foot of living area. The subject has an improvement assessment of \$161,443 or \$51.09 per square foot of living area, which falls within the range established by the best comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
