

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Christian
DOCKET NO.: 19-07353.001-R-1
PARCEL NO.: 14-10-413-019

The parties of record before the Property Tax Appeal Board are Robert Christian, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,168
IMPR.: \$132,613
TOTAL: \$161,781

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,272 square feet of living area. The dwelling was constructed in 2007 and is 12 years old. Features of the home include an unfinished walkout basement, central air conditioning, two fireplaces, and a 506 square foot garage. The property has a 6,042 square foot site and is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are described as two-story dwellings of wood siding exterior construction ranging in size from 1,674 to 2,638 square feet of living area. The dwellings are 14 to 18 years old. Each comparable has an unfinished walkout basement, central air conditioning, and a garage ranging in size from 400 to

768 square feet of building area. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$73,602 to \$108,378 or from \$39.17 to \$43.97 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,781. The subject property has an improvement assessment of \$132,613 or \$58.37 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same assessment neighborhood code as the subject. The comparables consist of two-story dwellings of wood siding exterior construction ranging in size from 2,184 to 2,607 square feet of living area. The dwellings were constructed from 2004 to 2011. Each comparable has an unfinished walkout basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 480 to 561 square feet of building area. The comparables have improvement assessments ranging from \$127,528 to \$145,533 or from \$55.82 to \$59.07 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #2, and #3 along with board of review comparable #1 due to their dissimilar dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be appellant's comparable #4 along with board of review comparables #2 and #3 which are most similar to the subject in dwelling size and similar in location, age and most features. These properties have improvement assessments ranging from \$97,010 to \$131,303 or from \$43.23 to \$59.07 per square foot of living area. The subject has an improvement assessment of \$132,613 or \$58.37 per square foot of living area, which falls within the range established by the best comparables in the record on a square foot basis and slightly above the range on an overall basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
