

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ross Friedman
DOCKET NO.: 19-07371.001-R-1
PARCEL NO.: 15-12-406-004

The parties of record before the Property Tax Appeal Board are Ross Friedman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$78,497
IMPR.: \$176,111
TOTAL: \$254,608

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 3,681 square feet of living area. The dwelling is approximately 33 years old. Features of the home include a full basement with 1,209 square feet of finished area, central air conditioning, a fireplace, and a garage containing 761 square feet of building area. The property has a 20,473 square foot site and is located in Lake Forest, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables consist of two-story dwellings of wood siding exterior construction that are from 42 to 52 years old. The homes range in size from 3,344 to 3,802 square feet of living area. Each dwelling has central air conditioning, a full basement, one fireplace, and a garage containing from 528 to

1,013 square feet of building area. The comparables have improvement assessments ranging from \$141,647 to \$159,246 or from \$41.88 to \$44.72 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$161,221 or \$43.80 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$254,608. The subject property has an improvement assessment of \$176,111 or \$47.84 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables consist of one or two-story dwellings of brick or wood siding exterior constructions that were built from 1979 to 1991. The homes range in size from 3,450 to 4,227 square feet of living area. The comparables each have a full basement, three of which have from 791 to 1,392 square feet of finished area. Each comparable has central air conditioning, one fireplace, and a garage containing from 483 to 1,121 square feet of building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to appellant's comparables due to their dissimilar age and/or lack of finished basement when compared to the subject. The Board also gives reduced weight to board of review comparables #2 through #4 due to significant differences from the subject in design and/or basement finish.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #5. The Board finds these comparables are more similar to the subject in dwelling size, design, age, and features. These comparables have improvement assessments of \$210,353 and \$166,512 or \$49.76 and \$48.26 per square foot of living area, respectively. The subject's improvement assessment of \$176,111 or \$47.84 per square foot of living area is bracketed by the best comparables in this record on an overall basis, and falls below the best comparables on a per-square-foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences as compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
