

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kathryn Douglas  
DOCKET NO.: 19-07374.001-R-1  
PARCEL NO.: 13-36-404-026

The parties of record before the Property Tax Appeal Board are Kathryn Douglas, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$36,532  
**IMPR.:** \$178,545  
**TOTAL:** \$215,077

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,198 square feet of living area. The dwelling was constructed in 1950 and is approximately 69 years old. The dwelling has an effective age of 1978. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a 528 square foot garage. The property has a 9,583 square foot site and is located in Barrington, Cuba Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located from 0.03 to 0.30 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with 2-story homes of wood siding exterior construction ranging in size from 1,764 to 2,835 square feet of living area. The dwellings range in age from 36 to 56

years old. Each home has a basement, two of which have finished area, and central air conditioning. Three homes each have a fireplace and three homes each have a garage ranging in size from 420 to 524 square feet of building area. The comparables have improvement assessments ranging from \$86,032 to \$130,338 or from \$44.39 to \$48.77 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$149,986 or \$46.90 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$215,077. The subject property has an improvement assessment of \$178,545 or \$55.83 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables where comparable #1 is the same property as the appellant's comparable #3. The comparables are located from 0.06 to 0.20 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with 1.5-story, 1.75-story, or 2-story homes of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,777 to 3,465 square feet of living area. The dwellings were built from 1949 to 1993 with comparable #3 having an effective age of 1980 and comparable #5 having an effective age of 1997. Four homes each have a basement with two having finished area and one home has a crawl space foundation. Each home has central air conditioning and a garage ranging in size from 420 to 663 square feet of building area. Four homes each have a fireplace. The comparables have improvement assessments ranging from \$124,118 to \$211,501 or from \$44.57 to \$61.04 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables, with one common comparable, for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #4 and the board of review's comparables #2, #4, and #5, due to differences from the subject in dwelling size, age, foundation type, and/or design.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3/board of review's comparable #1, and the board of review's comparable #3, which are similar to the subject in design, dwelling size, age, location, and some features. These comparables have improvement assessments that range from \$125,842 to \$183,387 or from \$44.39 to \$60.97 per square foot of living area. The subject's improvement assessment of \$178,545 or \$55.83 per

square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparable for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
