

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Coffield
DOCKET NO.: 19-07377.001-R-1
PARCEL NO.: 13-15-201-004

The parties of record before the Property Tax Appeal Board are Michael Coffield, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,588
IMPR.: \$160,596
TOTAL: \$203,184

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,472 square feet of living area. The dwelling was constructed in 2001 and is approximately 18 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a 704 square foot garage. The property has a 47,480 square foot site and is located in Lake Barrington, Cuba Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located from 0.08 to 0.30 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of stucco or wood siding exterior construction ranging in size from 4,204 to 4,923 square feet of living area. The dwellings are from 18 to 20

years old. Each home has a basement, three of which have finished area, central air conditioning, a fireplace, and a garage ranging in size from 722 to 925 square feet of building area. The comparables have improvement assessments ranging from \$163,343 to \$178,821 or from \$35.96 to \$41.50 per square foot of living area.

Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$132,283 or \$38.10 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,184. The subject property has an improvement assessment of \$160,596 or \$42.25 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located from 0.07 of a mile to 1.91 miles from the subject property. The comparables are improved with two-story homes of brick or brick and wood siding exterior construction ranging in size from 3,401 to 3,959 square feet of living area. The dwellings were built from 2000 to 2003. Each home has a basement, three of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 687 to 825 square feet of building area. Comparables #1 and #4 each have an inground swimming pool. The comparables have improvement assessments ranging from \$177,798 to \$210,000 or from \$45.24 to \$61.75 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, which are each much larger homes than the subject dwelling. The Board gives less weight to the board of review's comparables #1 and #4, due to their inground swimming pools which the subject does not feature, and the board of review's comparable #3, which is located almost two miles from the subject property.

The Board finds the best evidence of assessment equity to be the board of review's comparables #2 and #5, which are similar to the subject in dwelling size, age, location, and some features, although both of these comparables have finished basement area unlike the subject. These comparables have improvement assessments of \$177,798 and \$210,000 or \$45.24 and \$61.75 per square foot of living area. The subject's improvement assessment of \$160,596 or \$42.25 per

square foot of living area falls below the best comparables in this record, which is logical given the best comparables each have finished basement area which the subject lacks. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
