

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Henry Lee
DOCKET NO.: 19-07416.001-R-1
PARCEL NO.: 15-07-301-006

The parties of record before the Property Tax Appeal Board are Henry Lee, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$63,458
IMPR.: \$124,404
TOTAL: \$187,862

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,456 square feet of living area. The dwelling was constructed in 1987. Features of the home include a basement finished with a recreation room, central air conditioning, a fireplace and an 832 square foot garage. The property has an 87,991 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .44 of a mile from the subject property. The comparables are improved with 1.5-story or 2-story dwellings of brick or wood siding exterior construction with 3,021 or 3,461 square feet of living area. The dwellings range in age from 33 to 35 years old. Each comparable has an unfinished

basement, central air conditioning, one or two fireplaces and a garage ranging in size from 748 to 1,020 square feet of building area. The comparables have improvement assessments that range from \$55,363 to \$115,570 or from \$16.18 to \$34.09 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$114,013 or \$32.99 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,862. The subject property has an improvement assessment of \$124,404 or \$36.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .41 of a mile from the subject property. The board of review's comparable #4 is a duplicate of the appellant's comparable #2. The comparables are improved with 2-story dwellings of brick or wood siding and brick exterior construction ranging in size from 3,429 to 3,466 square feet of living area. The dwellings were built from 1986 to 1995 with comparable #3 having a reported effective age of 1997. The comparables each have a basement, two of which are finished with a recreation room. Each comparable has central air conditioning, from one to three fireplaces and a garage ranging in size from 651 to 748 square feet of building area. Comparable #2 has a hot tub. The comparables have improvement assessments that range from \$115,570 to \$138,841 or from \$33.39 to \$40.27 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration, as one comparable is common to both parties. The Board has given reduced weight to the appellant's comparable #1 as it appears to be an outlier due to its considerably lower improvement assessment of \$16.18 per square foot of living area when compared to the remaining comparables in the record. The Board has also given less weight to the appellant's comparables #3 and #4 due to their smaller dwelling sizes when compared to the subject dwelling.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which includes the common comparable. The Board finds these comparables are overall more similar to the subject in dwelling size, design, age and some features. The comparables have improvement assessments that range from \$115,570 to \$138,841 or from \$33.39 to \$40.27 per square foot of living area. The subject's improvement assessment of \$124,404 or \$36.00 per square foot of living area falls within the range established by the best comparables in the record.

Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
