

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Muller
DOCKET NO.: 19-07419.001-R-1
PARCEL NO.: 15-04-303-100

The parties of record before the Property Tax Appeal Board are Daniel Muller, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,357
IMPR.: \$151,377
TOTAL: \$186,734

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,684 square feet of living area. The dwelling was built in 1992 and is approximately 27 years old. Features of the home include a basement that is partially finished with a recreation room, central air conditioning, one fireplace and an attached garage with 441 square feet of building area. The property has a site with approximately 11,450 square feet of land area and is located in Vernon Hills, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvements as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of wood siding exterior construction with either 3,044 or 3,060 square feet of living area. The dwellings are 29 or 30 years old. Each comparable has an unfinished full basement, central air conditioning, one fireplace, and an

attached garage with 441 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from .36 to .51 of one mile from the subject property. The improvement assessments on these properties range from \$140,135 to \$155,763 or from \$46.04 to \$50.90 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$136,421.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,734. The subject property has an improvement assessment of \$151,377 or \$56.40 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted a uniformity grid analysis containing information on five equity comparables improved with two-story dwellings of wood siding exterior construction ranging in size from 2,481 to 2,740 square feet of living area. The dwellings were built in 1991 or 1992. Each comparable has a basement with four being partially finished, central air conditioning, one fireplace, and an attached garage ranging in size from 441 to 690 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .06 to .09 of one mile from the subject property. The improvement assessments on these properties range from \$130,888 to \$154,453 or from \$52.76 to \$58.02 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The comparables are similar to the subject in location and are improved with dwellings similar to the subject in age, style and most features. The Board, however, gives less weight to the appellant's comparables as they are improved with homes slightly larger than the subject dwelling and are not as similar in size to the subject dwelling as are the comparables provided by the board of review. Additionally, the appellant's comparables lack finished basement area, dissimilar to the subject's partially finished basement. The Board finds the best evidence of assessment equity to be the board of review comparables as each of these comparables has a dwelling similar to the subject home in size. The board of review comparables have improvement assessments that range from \$130,888 to \$154,453 or from \$52.76 to \$58.02 per square foot of living area. The subject's improvement assessment of \$151,377 or \$56.40 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
