

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ping Huang
DOCKET NO.: 19-07426.001-R-1
PARCEL NO.: 11-07-402-025

The parties of record before the Property Tax Appeal Board are Ping Huang, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,285
IMPR.: \$120,346
TOTAL: \$175,631

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,571 square feet of living area. The dwelling was constructed in 1988 and is approximately 31 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 483 square foot garage. The property has an approximately 10,400 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .21 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction with 2,972 or 2,988 square feet of living area. The dwellings are either 31 or 32 years old. Each comparable has an unfinished basement, central air

conditioning and a 462 square foot garage. Three comparables each have a fireplace. The comparables have improvement assessments that range from \$121,211 to \$122,144 or from \$40.57 to \$40.91 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$104,922 or \$40.81 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$175,631. The subject property has an improvement assessment of \$120,346 or \$46.81 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .23 of a mile from the subject property. The comparables are improved with two-story dwellings of wood siding exterior construction each containing 2,571 square feet of living area. The dwellings were built in 1987 or 1988. Each comparable has an unfinished basement, central air conditioning, a fireplace and a 483 square foot garage. The comparables have improvement assessments that range from \$120,346 to \$121,671 or from \$46.81 to \$47.32 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables due to their larger dwelling sizes when compared to the subject. The Board finds the best evidence of assessment equity to the comparables submitted by the board of review, which are identical to the subject in dwelling size and design, and are similar to the subject in location, age and most features. The comparables have improvement assessments that range from \$120,346 to \$121,671 or from \$46.81 to \$47.32 per square foot of living area. The subject's improvement assessment of \$120,346 or \$46.81 per square foot of living area falls at the lower end of the range of the best comparables in the record and is identical to two of these comparables. Therefore, based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
