

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Clay Hessel
DOCKET NO.: 19-07427.001-R-1
PARCEL NO.: 11-28-303-040

The parties of record before the Property Tax Appeal Board are Clay Hessel, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$69,319
IMPR.: \$215,053
TOTAL: \$284,372

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,264 square feet of living area. The dwelling was constructed in 2005. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 738 square foot garage. The property has a 14,587 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same assessment neighborhood code as the subject and located within .06 of a mile from the subject property. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 4,012 to 4,504 square feet of living area. The dwellings were built in 2004 or 2014. Each comparable has an unfinished basement, central air

conditioning, a fireplace and a garage ranging in size from 619 to 845 square feet of building area. The comparables have improvement assessments that range from \$196,483 to \$215,535 or from \$47.44 to \$48.97 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$205,041 or \$48.09 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$284,372. The subject property has an improvement assessment of \$215,053 or \$50.43 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .09 of a mile from the subject property. The comparables are improved with two-story dwellings of brick exterior construction ranging in size from 4,061 to 4,401 square feet of living area. The dwellings were built from 2005 to 2017. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces and a garage ranging in size from 671 to 825 square feet of building area. The comparables have improvement assessments that range from \$205,910 to \$216,645 or from \$48.99 to \$51.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparable #2 and board of review comparable #2 due to their newer ages when compared to the subject dwelling. The Board finds the best evidence of assessment equity to be the parties' remaining comparables, which are similar to the subject in location, dwelling size, design, age and some features. The comparables have improvement assessments that range from \$196,483 to \$216,154 or from \$47.85 to \$51.43 per square foot of living area. The subject's improvement assessment of \$215,053 or \$50.43 per square foot of living area falls within the range established by the best comparables in the record both in terms of overall improvement assessment and on a square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
