

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jonathan Salett
DOCKET NO.: 19-07446.001-R-1
PARCEL NO.: 15-20-408-045

The parties of record before the Property Tax Appeal Board are Jonathan Salett, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,060
IMPR.: \$160,655
TOTAL: \$196,715

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding exterior construction containing 3,329 square feet of living area. The dwelling was built in 1990 and is approximately 29 years old. Features of the home include a partial basement finished with a 994 square foot recreation room, central air conditioning, one fireplace and an attached garage with 692 square feet of building area. The property has a site with approximately 15,290 square feet of land area and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of wood siding exterior construction ranging in size from 3,468 to 3,691 square feet of living area. The homes are 29 or 30 years old. Each comparable has an unfinished full basement, central air conditioning, one fireplace, and an

attached garage with either 692 or 736 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .08 to .43 of one mile from the subject property. The improvement assessments on these properties range from \$133,593 to \$168,711 or from \$38.52 to \$45.71 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$151,436.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$196,715. The subject property has an improvement assessment of \$160,655 or \$48.26 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of wood siding, brick or wood siding and brick exterior construction ranging in size from 3,117 to 3,537 square feet of living area. The homes were built from 1989 to 1992. Each comparable has a full or partial basement with four having recreation rooms ranging in size from 928 to 1,338 square feet. Each property also has central air conditioning, one or two fireplaces, and an attached garage ranging in size from 671 to 736 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .04 to .18 of one mile from the subject property. The improvement assessments on these properties range from \$142,009 to \$170,457 or from \$40.15 to \$49.15 per square foot of living area.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables provided by the parties that are similar to the subject in location, age, and most features. The appellant's comparables and board of review comparable #1 have unfinished basements, inferior to the subject's basement that has a recreation room, suggesting that these comparables would require an upward adjustment to make them more equivalent to the subject property. The comparables provided by the parties have improvement assessments that range from \$133,593 to \$170,457 or from \$38.52 to \$49.15 per square foot of living area. The four comparables that have finished basement area have improvement assessments ranging from \$142,009 to \$170,457 or from \$40.15 to \$49.15 per square foot of living area. The subject's improvement assessment of \$160,655 or \$48.26 per square foot of living area falls within the range established by the comparables in this record and well supported by those comparables that have finished basement area. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
