

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Byung Kim
DOCKET NO.: 19-07452.001-R-1
PARCEL NO.: 15-18-402-016

The parties of record before the Property Tax Appeal Board are Byung Kim, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 28,674
IMPR.: \$158,106
TOTAL: \$186,780

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,800 square feet of living area. The dwelling was constructed in 1987 and is approximately 32 years old. Features of the home include a partial basement with 1,072 square feet of finished area, central air conditioning, three fireplaces and a 736 square foot garage. The property has an approximately 44,430 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables consist of two-story dwellings of wood siding or brick exterior construction that were 30 to 33 years old. The homes range in size from 3,356 to 4,050 square feet of living area.

Each dwelling has an unfinished full basement, central air conditioning, one or two fireplaces and a garage ranging in size from 616 to 796 square feet of building area. The comparables have improvement assessments ranging from \$118,120 to \$150,523 or from \$34.64 to \$37.18 per square foot of living area.

Based on this evidence, the appellant requested a reduced improvement assessment of \$148,865 or \$39.18 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$186,780. The subject property has an improvement assessment of \$158,106 or \$41.61 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables that are located in the same assessment neighborhood code as the subject property. The comparables consist of two-story dwellings of brick or brick and wood siding exterior construction that were built from 1986 to 1989. The homes range in size from 3,771 to 4,552 square feet of living area. Each dwelling has a full or partial basement with finished areas ranging from 602 to 1,959 square feet and two are walkout-style. Each home has central air conditioning, two to four fireplaces and a garage ranging in size from 744 to 924 square feet of building area. Comparables #1 and #2 each have an inground swimming pool. The comparables have improvement assessments ranging from \$168,094 to \$201,561 or from \$43.01 to \$52.50 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables which feature inferior unfinished basements as compared to the subject's finished basement.

The Board finds the best evidence of assessment equity to be the board of review comparables which are similar to the subject in location, age and finished basement feature, although the comparables have some superior features of a walkout-style basement and/or a swimming pool. These comparables have improvement assessments that range from \$168,094 to \$201,561 or from \$43.01 to \$52.50 per square foot of living area. The subject's improvement assessment of \$158,106 or \$41.61 per square foot of living area falls below the range established by the best comparables in this record which is logical given that comparables #1 and #2 are superior to the

subject with pool amenities and comparables #3 and #4 are superior to the subject with walkout-style basements. Furthermore, board of review comparable #5 is the largest comparable with a substantially larger finished basement area than the subject. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
