

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Farrell
DOCKET NO.: 19-07453.001-R-1
PARCEL NO.: 14-08-104-002

The parties of record before the Property Tax Appeal Board are Robert Farrell, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,444
IMPR.: \$116,550
TOTAL: \$145,994

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of wood siding exterior construction with 2,572 square feet of living area. The dwelling was built in 1987 and is approximately 32 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 933 square feet of building area. The property has a site with approximately 45,310 square feet of land area and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of wood siding exterior construction ranging in size from 2,420 to 2,683 square feet of living area. The dwellings range in age from 32 to 41 years old. Each comparable has an unfinished full basement, central air conditioning, one or two

fireplaces, and an attached garage ranging in size from 420 to 882 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .39 to .53 of a-mile from the subject property. The improvement assessments on these properties range from \$103,175 to \$116,553 or from \$40.04 to \$44.28 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$107,245.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$145,994. The subject property has an improvement assessment of \$116,550 or \$45.31 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with one-story or two-story dwellings of wood siding exterior construction ranging in size from 2,562 to 2,862 square feet of living area.¹ The homes were built from 1986 to 1994. Each comparable has a full unfinished basement, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 502 to 1,004 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .39 to .50 of a-mile from the subject property. The improvement assessments on these properties range from \$116,553 to \$129,806 or from \$43.75 to \$47.26 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The Board gives less weight to board of review comparable #4 as the property is described as improved with a one-story home while the subject is improved with a two-story dwelling. The remaining comparables provided by the parties are relatively similar to the subject property in location, age, dwelling size, and features. These comparables have improvement assessments that range from \$103,175 to \$129,806 or from \$40.04 to \$46.78 per square foot of living area. The subject's improvement assessment of \$116,550 or \$45.31 per square foot of living area falls within the range as established by the best comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the

¹ Board of review comparable #4 is described as a one-story home, however, the above ground living area exceeds the ground floor living area indicating the dwelling may be a two-story structure.

parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which exists based on the evidence in this record.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
