

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nikolay Bogdanov
DOCKET NO.: 19-07455.001-R-1
PARCEL NO.: 14-22-304-034

The parties of record before the Property Tax Appeal Board are Nikolay Bogdanov, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,939
IMPR.: \$109,928
TOTAL: \$136,867

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a site with approximately 10,180 square feet of land area improved with a two-story dwelling of wood siding exterior construction built in 1990 containing 2,320 square feet of living area. Features of the home include an unfinished partial basement, central air conditioning, one fireplace, and an attached garage with 462 square feet of building area. The property is located in Lake Zurich, Ela Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of frame construction ranging in size from 2,437 to 2,551 square feet of living area. The dwellings were built in 1989 or 1990. Each comparable has an unfinished basement, central air conditioning, one fireplace, and an attached garage with 420 square feet of building area. The comparables have the same assessment

neighborhood code as the subject property and are located from approximately .05 to .21 of a-mile from the subject property. The improvement assessments on these properties range from \$110,120 to \$114,945 or from \$44.52 to \$45.20 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$104,197.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,867. The subject property has an improvement assessment of \$109,928 or \$47.38 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of wood siding exterior construction ranging in size from 2,052 to 2,504 square feet of living area. The homes were built in 1992 or 1993. Each comparable has a full or partial unfinished basement, central air conditioning, one or two fireplaces, and an attached garage with either 420 or 462 square feet of building area. Comparables #1 and #4 each have an inground swimming pool. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .37 to .57 of a-mile from the subject property. The improvement assessments on these properties range from \$108,316 to \$126,693 or from \$49.54 to \$52.79 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparables to support their respective positions. The comparables are relatively similar to the subject dwelling in location, age and style. The Board gives less weight to board of review comparable #1 as this property has an additional fireplace and an inground swimming pool that the subject does not have. The Board gives less weight to board of review comparable #4 as the property also has an inground swimming pool, an amenity the subject does not have. The remaining comparables provided by the parties have improvement assessments that range from \$108,316 to \$126,421 or from \$44.52 to \$52.79 per square foot of living area. The subject's improvement assessment of \$109,928 or \$47.38 per square foot of living area falls within the range as established by the best comparables in this record.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all

that the constitution requires is a practical uniformity, which exists based on the evidence in this record.

Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
