

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Greg Seidler
DOCKET NO.: 19-07489.001-R-1
PARCEL NO.: 11-28-202-008

The parties of record before the Property Tax Appeal Board are Greg Seidler, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,124
IMPR.: \$91,747
TOTAL: \$147,871

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,873 square feet of living area.¹ The dwelling was constructed in 1970 and is 49 years old. Features of the home include a lower level, an unfinished basement, central air conditioning, a fireplace and a 483 square foot garage. The property has an approximately 14,990 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of wood siding exterior construction that

¹ The subject's property record card, submitted by the board of review, reports the dwelling as a one-story property which includes both a lower level and basement.

range in size from 2,142 to 2,374 square feet of living area. The homes are either 50 or 51 years old. Each comparable has an unfinished basement, central air conditioning, one fireplace and a garage ranging in size from 410 to 431 square feet of building area. The comparables have improvement assessments that range from \$63,197 to \$92,051 or from \$29.50 to \$39.74 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$73,740 or \$39.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$147,871. The subject has an improvement assessment of \$91,747 or \$48.98 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are reported to be improved with one-story dwellings of wood siding exterior construction that range in size from 1,325 to 1,491 square feet of living area. The homes were built from 1968 to 1971. Each comparable is reported to have a lower level, one of which has finished area and two of the comparables also have unfinished basements. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 347 to 572 square feet of building area. The comparables have improvement assessments that range from \$68,499 to \$93,367 or from \$49.78 to \$70.47 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #1 along with board of review comparables #1, #3, #4 and #5 which differ from the subject in dwelling size. The Board also gives reduced weight to the appellant's comparable #3 which, based on its per square foot assessment, appears to be an outlier, relative to the other comparables in the record.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more like the subject in location, age, dwelling size and other features. These comparables have improvement assessments that range from \$75,867 to \$88,612 or from \$39.33 to \$50.88 per square foot of living area. The subject's improvement assessment of \$91,747 or \$48.98 per square foot of living area falls above the range established by the best comparables in this record on an overall basis and within the range on a per square foot basis. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant

did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
