

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Snow
DOCKET NO.: 19-07497.001-R-1
PARCEL NO.: 05-24-227-004

The parties of record before the Property Tax Appeal Board are Michael Snow, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,548
IMPR.: \$59,400
TOTAL: \$63,948

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of vinyl siding exterior construction with 1,320 square feet of living area. The dwelling was constructed in 2003 and is approximately 16 years old. Features of the home include a basement with a recreation room,¹ central air conditioning, and a 462 square foot attached garage. The property has a 6,250 square foot site and is located in Ingleside, Grant Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located from 0.07 to 0.81 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The

¹ The parties differ regarding the subject's basement finish. The Board finds the best evidence of the subject's basement finish is found the subject's property record card submitted by the board of review.

comparables are improved with one-story homes of wood siding exterior construction ranging in size from 1,400 to 1,964 square feet of living area. The dwellings range in age from 29 to 32 years old. Each home has a basement, central air conditioning, and an attached or detached garage. The comparables have improvement assessments ranging from \$60,951 to \$78,077 or from \$38.00 to \$43.70 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$55,298 or \$41.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$63,948. The subject property has an improvement assessment of \$59,400 or \$45.00 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located from 0.05 to 0.44 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with one-story homes of wood siding exterior construction ranging in size from 1,220 to 1,482 square feet of living area. The dwellings were built from 1999 to 2007. Three homes have a lower level, one of which has finished area, and two homes have a basement. Each home has central air conditioning and a garage ranging in size from 400 to 780 square feet of building area. Two homes each have one fireplace and two comparables each have a metal utility shed. The comparables have improvement assessments ranging from \$57,064 to \$68,717 or from \$42.08 to \$48.94 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to significant differences from the subject in dwelling size and/or age.

The Board finds the best evidence of assessment equity to be the board of review's comparables, which are similar to the subject in dwelling size, age, location, and some features. These comparables have improvement assessments that range from \$57,064 to \$68,717 or from \$42.08 to \$48.94 per square foot of living area. The subject's improvement assessment of \$59,400 or \$45.00 per square foot of living area falls within the range established by the best comparables in

this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
