

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Howard Green
DOCKET NO.: 19-07500.001-R-1
PARCEL NO.: 15-29-211-026

The parties of record before the Property Tax Appeal Board are Howard Green, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,488
IMPR.: \$80,410
TOTAL: \$109,898

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,048 square feet of living area. The dwelling was constructed in 1979 and is approximately 40 years old. Features of the home include a crawl-space foundation, central air conditioning, and a 440 square foot garage. The property has an approximately 7,244 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales. The comparables are located from 0.02 to 0.82 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The parcels range in size from 6,629 to 8,624 square feet of land area and are improved with two-story homes of wood siding exterior construction ranging in size from 2,103 to 2,496 square feet of living area. Three homes have a crawl-space foundation and

one home has a basement with finished area. Each home has central air conditioning and a garage with either 440 or 462 square feet of building area. Two homes have a fireplace. The comparables sold from February 2018 to May 2019 for prices ranging from \$128.91 to \$155.76 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment to \$97,505 which would reflect a market value of \$292,544 or \$142.84 per square foot of living area, including land, at the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$109,898. The subject's assessment reflects a market value of \$334,138 or \$163.15 per square foot of living area, land included, when using the 2019 three year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales, a grid analysis of comparables for a different subject property,¹ and a grid analysis of the appellant's comparables.²

The board of review's comparables are located from 0.12 to 0.74 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The parcels range in size from 6,240 to 8,760 square feet of land area and are improved with two-story homes of wood siding exterior construction with either 2,048 or 2,103 square feet of living area. The dwellings were built from 1975 to 1979. Four homes each have a basement, two of which have a recreation room, and one home has a crawl-space foundation. Each home has central air conditioning and a garage with either 440 or 462 square feet of building area. Two homes have a fireplace. The comparables sold from May 2018 to April 2019 for prices ranging from \$330,000 to \$445,000 or from \$161.13 to \$211.60 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #3, which is a much larger home than the subject.

¹ This grid analysis describes a different property as the subject, and consequently, the Board will not consider this grid analysis which appears to have been mistakenly submitted in this appeal.

² This grid analysis describes the appellant's four comparables plus an additional comparable that was not presented by the appellant.

The Board gives less weight to the appellant's comparable #4 and the board of review's comparables #1, #3, #4, and #5, which each have a basement compared to the subject's crawl-space foundation.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #2 and the board of review's comparable #2, which are similar to the subject in dwelling size, age, location, and most features. These most similar comparables sold from February 2018 to May 2019 for prices ranging from \$280,000 to \$355,000 or from \$128.91 to \$161.13 per square foot of living area, including land. The subject's assessment reflects a market value of \$334,138 or \$163.15 per square foot of living area, including land, which is within the range established by the best comparable sales in terms of total market value and slightly above the range on a per square foot basis. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
