

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sanford Ebner
DOCKET NO.: 19-07515.001-R-1
PARCEL NO.: 15-23-206-014

The parties of record before the Property Tax Appeal Board are Sanford Ebner, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$67,110
IMPR.: \$56,296
TOTAL: \$123,406

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,816 square feet of living area. The dwelling was constructed in 1958 and is approximately 61 years old. The dwelling has a reported effective age of 1963. Features of the home include a concrete slab foundation, central air conditioning, two fireplaces and a 400 square foot garage. The property has a 22,651 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .57 of a mile from the subject property. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,748 to 2,387 square feet of

living area. The dwellings range in age from 50 to 78 years old. The appellant reported that one comparable has an unfinished basement and three comparables have concrete slab foundations. The comparables each have central air conditioning, one or two fireplaces and a garage ranging in size from 440 to 594 square feet of building area. The comparables have improvement assessments that range from \$51,905 to \$69,444 or from \$27.05 to \$31.65 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$53,145 or \$29.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$129,454. The subject property has an improvement assessment of \$62,344 or \$34.33 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .38 of a mile from the subject property. The comparables are improved with one-story dwellings of brick or wood siding exterior construction ranging in size from 1,911 to 2,051 square feet of living area. The dwellings were built from 1956 to 1968 with comparables #4 and #5 each having a reported effective age 1965. The board of review reported that each comparable has a basement, two of which have recreation rooms. The comparables each have central air conditioning, one or two fireplaces and a garage ranging in size from 400 to 1,280 square feet of building area. Comparable #5 has a metal utility shed. The comparables have improvement assessments that range from \$76,432 to \$86,524 or from \$40.00 to \$42.98 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board has given less weight to the appellant's comparables #1 and #2 due to differences from the subject in dwelling size and/or age. Furthermore, the appellant's comparable #1 has a basement, unlike the subject. The Board has given reduced weight to the comparables submitted by the board of review due to their dissimilar basement foundations when compared to the subject's concrete slab foundation.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4, which are relatively similar to the subject in location, dwelling size, design, age, foundation type and most features. The comparables have improvement assessments of \$51,905 and \$69,444 or \$29.69 and \$31.65 per square foot of living area, respectively. The subject's improvement assessment of \$62,344 or \$34.33 per square foot of living area falls between the two best comparables in the record in terms of overall improvement assessment but is greater

than these comparables on a square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
