

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nasser Adi  
DOCKET NO.: 19-07534.001-R-1  
PARCEL NO.: 11-29-402-013

The parties of record before the Property Tax Appeal Board are Nasser Adi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$75,347  
**IMPR.:** \$326,935  
**TOTAL:** \$402,282

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 5,967 square feet of living area. The dwelling was constructed in 2005. Features of the home include a walkout basement, central air conditioning, three fireplaces, and a 757 square foot garage. The property has a 16,117 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables presented in two grids. The comparables are located from 0.02 to 0.10 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of brick with frame exterior construction ranging in size from 4,983 to 6,198 square feet of living area. The dwellings were

built in 2004 or 2005. Each home has a basement, two of which are walkout basements, central air conditioning, two to four fireplaces, and a garage ranging in size from 761 to 1,247 square feet of building area. The comparables have improvement assessments ranging from \$254,168 to \$318,162 or from \$50.57 to \$51.52 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$304,958 or \$51.11 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$402,282. The subject property has an improvement assessment of \$326,935 or \$54.79 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted a grid analysis of three equity comparables, a grid analysis of the appellant's comparables, and property record cards for the subject and the board of review's comparables.

The comparables are located from 0.07 to 0.12 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of brick or brick with frame exterior construction ranging in size from 5,550 to 6,269 square feet of living area. The dwellings were built in 2004 or 2006. Each home has a basement, two of which are walkout basements, central air conditioning, two or three fireplaces, and a garage ranging in size from 875 to 1,070 square feet of building area. Comparable #3 has an inground swimming pool. The comparables have improvement assessments ranging from \$292,577 to \$350,525 or from \$52.72 to \$55.91 per square foot of living area. The board of review noted on its grid analysis that the subject has a much larger basement than the comparables.

Based on this evidence and argument, the board of review requested confirmation of the subject's improvement assessment.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4, which is a much smaller home than the subject dwelling, and the board of review's comparable #3, which has an inground swimming pool that is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3 and the board of review's comparables #1 and #2, which are relatively similar to the subject in dwelling size, age, location, and some features. These comparables have improvement assessments that range from \$280,232 to \$350,525 or from \$50.57 to \$55.91 per square foot of living area. The subject's improvement assessment of \$326,935 or \$54.79 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
