

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Mondrall
DOCKET NO.: 19-07535.001-R-1
PARCEL NO.: 05-04-301-172

The parties of record before the Property Tax Appeal Board are Steven Mondrall, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,846
IMPR.: \$44,105
TOTAL: \$55,951

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 918 square feet of living area. The dwelling was constructed in 1980. Features of the home include a crawl-space foundation,¹ central air conditioning, a fireplace, and a 440 square foot garage. The property has an 8,751 square foot site and is located in Fox Lake, Grant Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables presented in two grids. The comparables are located within 0.34 of a mile from the subject property and within the same assessment neighborhood code as the subject

¹ Additional details regarding the subject property not reported by the appellant are found in the subject's property record card presented by the board of review.

property. The comparables are improved with one-story homes of frame exterior construction ranging in size from 990 to 1,436 square feet of living area. The dwellings were built in 1953 or 1963. Each home has central air conditioning and a garage with either 308 or 528 square feet of building area. One home has a fireplace. The comparables have improvement assessments ranging from \$39,422 to \$54,659 or from \$38.06 to \$40.56 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$36,038 or \$39.26 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,951. The subject property has an improvement assessment of \$44,105 or \$48.04 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables, property record cards for the subject and the comparables, and one of the appellant's grids with notes highlighting differences in age and garage amenities between the subject and the appellant's comparables.

The comparables are located within 0.35 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with one-story homes of frame exterior construction ranging in size from 936 to 1,298 square feet of living area. The dwellings were built from 1962 to 1971. Each home has central air conditioning. Two homes each have a walkout basement, three homes each have a fireplace, and four homes each have a garage with either 528 or 576 square feet of building area. Comparable #4 has an inground swimming pool. The comparables have improvement assessments ranging from \$42,877 to \$54,552 or from \$40.94 to \$58.28 per square foot of living area.

Based on this evidence and argument the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4 and the board of review's comparable #3, due to substantial differences from the subject in dwelling size. The Board gives less weight to the board of review's comparable #1, which lacks a garage that is a feature of the subject, and the board of review's comparable #4, which has an inground swimming pool that is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review's comparables #2 and #5, which are similar to the subject in dwelling size, location, and some features, although all of these comparables are much older homes than the subject dwelling. These comparables have improvement assessments that range from \$39,422 to \$51,754 or from \$39.82 to \$51.04 per square foot of living area. The subject's improvement assessment of \$44,105 or \$48.04 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, such as age, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
