

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Beck
DOCKET NO.: 19-07536.001-R-1
PARCEL NO.: 15-20-301-006

The parties of record before the Property Tax Appeal Board are David Beck, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,052
IMPR.: \$162,896
TOTAL: \$210,948

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,130 square feet of living area. The dwelling was constructed in 1989 and is approximately 30 years old. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 974 square foot garage. The property has a 51,762 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity concerning the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables. The comparables are located from 0.15 to 0.38 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of brick or wood siding exterior construction ranging in size from 3,491 to 3,794 square feet of living area. The dwellings range in age from 24 to 30 years

old. Each home has a basement, one of which has finished area, central air conditioning, a fireplace, and a garage ranging in size from 720 to 897 square feet of building area. The comparables have improvement assessments ranging from \$159,217 to \$172,859 or from \$41.97 to \$48.95 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$145,440 or \$46.46 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$210,948. The subject property has an improvement assessment of \$162,896 or \$52.04 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located from 0.04 to 0.34 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,044 to 3,556 square feet of living area. The dwellings were built from 1988 to 1991. Each home has a basement with a recreation room, central air conditioning, one to three fireplaces, and a garage ranging in size from 759 to 980 square feet of building area. Comparable #1 has an inground swimming pool. The comparables have improvement assessments ranging from \$170,745 to \$176,993 or from \$48.94 to \$56.14 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #2, which is a much larger home than the subject dwelling, and the board of review's comparable #1, which has an inground swimming pool that is not a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #3 and the board of review's comparables #2 through #5, which have varying degrees of similarity to the subject in dwelling size, age, location, and some features, such as basement finish. These comparables have improvement assessments that range from \$168,870 to \$174,559 or from \$48.37 to \$56.14 per square foot of living area. The subject's improvement assessment

of \$162,896 or \$52.04 per square foot of living area falls below the range established by the best comparables in terms of total improvement assessment and within the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
