

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harvey Kantor
DOCKET NO.: 19-07556.001-R-1
PARCEL NO.: 15-14-206-006

The parties of record before the Property Tax Appeal Board are Harvey Kantor, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$71,356
IMPR.: \$165,996
TOTAL: \$237,352

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,265 square feet of living area. The dwelling was constructed in 1987 and is 32 years old. Features of the home include a basement with a recreation room, central air conditioning, two fireplaces and a 593 square foot garage. The property has a 23,049 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are described as 2-story dwellings of wood siding exterior construction ranging in size from 2,776 to 3,520 square feet of living area. The dwellings are 32 to 36 years old. Each comparable has a basement with two having finished area, central air conditioning, one fireplace, and a garage

ranging in size from 484 to 720 square feet of building area. The comparables have improvement assessments ranging from \$131,585 to \$165,895 or from \$45.42 to \$47.67 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$237,352. The subject property has an improvement assessment of \$165,996 or \$50.84 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables are described as 1.5-story or 2-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,293 to 3,746 square feet of living area. The dwellings were constructed from 1979 to 1990 with comparable #2 having a reported effective age of 1988. Each comparable has a basement with four having a recreation room, central air conditioning, one or two fireplaces, and a garage ranging in size from 504 to 905 square feet of building area. The comparables have improvement assessments ranging from \$162,335 to \$195,801 or from \$49.30 to \$56.89 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration that are similar in location and have varying degrees of similarity in dwelling size, age, and features. These comparables have improvement assessments ranging from \$131,585 to \$195,801 or from \$45.42 to \$56.89 per square foot of living area. The subject has an improvement assessment of \$165,996 or \$50.84 per square foot of living area, which falls within the range established by the comparables in the record. Based on this evidence, and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
