

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Scott Stenn
DOCKET NO.: 19-07559.001-R-1
PARCEL NO.: 15-13-306-032

The parties of record before the Property Tax Appeal Board are Scott Stenn, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,829
IMPR.: \$182,053
TOTAL: \$231,882

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 3,998 square feet of living area. The dwelling was built in 1992 and is approximately 27 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 832 square feet of building area. The property has a site with approximately 23,090 square feet of land area and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of brick, wood siding, or dryvit exterior construction ranging in size from 3,561 to 4,343 square feet of living area. The dwellings range in age from 25 to 50 years old. Each comparable has a full unfinished basement, central air

conditioning, and an attached garage ranging in size from 577 to 823 square feet of building area. Three comparables have one fireplace. The comparables have the same assessment neighborhood code as the subject property and are located from .05 to .63 of one mile from the subject property. The improvement assessments on these properties range from \$150,291 to \$170,911 or from \$38.75 to \$42.20 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$162,518.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$231,882. The subject property has an improvement assessment of \$182,053 or \$45.54 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,993 to 4,288 square feet of living area. The dwellings were built from 1989 to 2000. Each property has a full basement with three having finished area ranging in size from 510 to 1,746 square feet, central air conditioning, one or two fireplaces, and an attached garage ranging in size from 571 to 1,112 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .04 to .99 of one mile from the subject property. The improvement assessments on these properties range from \$194,832 to \$209,413 or from \$46.58 to \$52.45 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4 as well as the comparables submitted by the board of review as these properties are improved with homes more similar to the subject dwelling in age, size and features with the exception that three comparables have finished basement area, superior to the subject's unfinished basement. These seven comparables have improvement assessments that range from \$150,291 to \$209,413 or from \$41.42 to \$52.45 per square foot of living area. Excluding the three comparables with finished basement area the improvement assessments range from \$41.42 to \$49.81 per square foot of living area. The subject's improvement assessment of \$182,053 or \$45.54 per square foot of living area falls within the range established by the best comparables in this record. Less weight is given appellant's comparables #1 and #2 due to differences from the subject dwelling in age as each property is improved with a dwelling that is 22 or 23 years older than the subject home. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
