

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Jun
DOCKET NO.: 19-07560.001-R-1
PARCEL NO.: 15-17-201-035

The parties of record before the Property Tax Appeal Board are John Jun, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,013
IMPR.: \$168,087
TOTAL: \$217,100

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 4,174 square feet of living area. The dwelling was constructed in 1990 and is approximately 29 years old. Features of the home include an unfinished full basement, central air conditioning, two fireplaces and an attached garage with 781 square feet of building area. The property has a 54,450 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of wood siding or brick exterior construction ranging in size from 4,255 to 4,989 square feet of living area. The dwellings range in age from 27 to 29 years old. Each comparable has an unfinished full basement, central air conditioning, one to three fireplaces and an attached garage ranging in size from 768 to 1,170 square feet of

building area. The comparables have the same assessment neighborhood code as the subject property and are located from .15 to .38 of one mile from the subject property. The improvement assessments on these properties range from \$169,266 to \$201,005 or from \$39.11 to \$40.29 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$166,646.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$230,411. The subject property has an improvement assessment of \$181,398 or \$43.46 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,919 to 4,287 square feet of living area. The dwellings were built from 1989 to 1994. Each property has a full basement with four having a recreation room ranging in size from 387 to 1,643 square feet, central air conditioning, one to three fireplaces, and an attached garage ranging in size from 621 to 888 square feet of building area. Comparable #4 also has an inground swimming pool. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .17 to .45 of one mile from the subject property. The improvement assessments on these properties range from \$171,022 to \$186,753 or from \$43.56 to \$44.49 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains information on nine comparables submitted by the parties that are similar to the subject in location, age and style. The Board gives less weight to appellant's comparables #4 as the dwelling is approximately 20% larger than the subject dwelling. The Board gives less weight to the board of review comparables as four of the comparables have finished basement area, unlike the subject's unfinished basement, and comparable #4 has an inground swimming pool, an amenity the subject does not have. The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #3. These three comparables have improvement assessments that range from \$169,266 to \$178,080 or from \$39.11 to \$40.27 per square foot of living area. The subject's improvement assessment of \$181,398 or \$43.46 per square foot of living area falls above the range established by the best comparables in this record. Based on this record the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
