

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kostadin Pachoe
DOCKET NO.: 19-07566.001-R-1
PARCEL NO.: 15-17-101-028

The parties of record before the Property Tax Appeal Board are Kostadin Pachoe, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC, in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 55,370
IMPR.: \$187,961
TOTAL: \$243,331

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick construction that has 4,798 square feet of living area. The dwelling was built in 1991. Features include a full unfinished basement, central air conditioning, two fireplaces and an attached 768 square foot garage. The subject property is located in Vernon Township, Lake County.

The appellant contends assessment inequity as the basis of the appeal. The subject's land assessment was not challenged. In support of the inequity claim, the appellant submitted a grid analysis of four assessment comparables located in close proximity to the subject. The comparables consist of two-story dwellings of wood siding or dryvit exterior construction that were built from 1990 to 1992. The comparables have an unfinished basement, central air conditioning, one or three fireplaces and an attached garage that range in size from 672 to 846 square feet of building area. The dwellings range in size from 4,255 to 5,304 square feet of

living area. The comparables have improvement assessments ranging from \$169,266 to \$197,656 or from \$37.27 to \$40.27 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's final assessment of \$256,528. The subject property has an improvement assessment of \$201,158 or \$41.93 per square foot of living area. In support of the subject's assessment, the board of review submitted five suggested assessment comparables located in close proximity to the subject. The comparables consist of two-story dwellings of brick or brick and wood siding exterior construction that were built from 1989 to 1991. The comparables have full or partial basements that are partially finished, central air conditioning, two to four fireplaces, and an attached garage that contain from 696 to 1,054 square feet of building area. Three comparables have a swimming pool and two comparables have a walkout basement. The dwellings range in size from 4,772 to 5,255 square feet of living area and have improvement assessments ranging from \$208,001 to \$244,513 or from \$41.86 to \$46.53 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer argued assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains nine assessment comparables for the Board's consideration. The Board gave less weight to the comparable #2 submitted by the appellant due to its considerably smaller basement in addition to being 10% smaller in dwelling size when compared to the subject. The Board also gave little weight to the comparables submitted by the board of review as each comparable has a finished basement, unlike the subject. In addition, three comparables have a swimming pool and two comparables have a walkout basement, features not enjoyed by the subject. The Board finds comparables #1, #3 and #4 submitted by the appellant are most similar when compared to the subject in location, design, age, dwelling size and features. These comparables have improvement assessments ranging from \$171,358 to \$197,656 or from \$37.27 to \$40.27 per square foot of living area. The subject property has an improvement assessment of \$201,158 or \$41.93 per square foot of living area, which falls above the range established by the most similar assessment comparables contained in this record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is excessive and no reduction in the subject's improvement assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
