

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gary Pivar  
DOCKET NO.: 19-07577.001-R-1  
PARCEL NO.: 15-20-101-027

The parties of record before the Property Tax Appeal Board are Gary Pivar, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$44,385  
**IMPR.:** \$207,775  
**TOTAL:** \$252,160

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 4,329 square feet of living area. The dwelling was constructed in 1985 and is 34 years old. Features of the home include a basement with finished area, central air conditioning, two fireplaces, a 782 square foot garage and an inground swimming pool.<sup>1</sup> The property has an approximately 47,920 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The

<sup>1</sup> The Board finds the subject property includes an inground swimming pool, which was reported in the subject's property record card and not refuted by the appellant.

comparables are improved with two-story dwellings of wood siding exterior construction that range in size from 3,530 to 3,864 square feet of living area. The homes are either 32 or 34 years old. Each comparable has a basement, one with finished area, central air conditioning, one to three fireplaces and a garage ranging in size from 704 to 805 square feet of building area. The comparables have improvement assessments that range from \$146,097 to \$162,324 or from \$41.39 to \$42.01 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$180,624 or \$41.72 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$252,160. The subject has an improvement assessment of \$207,775 or \$48.00 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick exterior construction that range in size from 3,722 to 4,490 square feet of living area. The homes were built from 1984 to 1987. Each comparable has a basement, three with finished area, central air conditioning, two to four fireplaces and a garage ranging in size from 704 to 1,499 square feet of building area. Four comparables each have an inground swimming pool. The comparables have improvement assessments that range from \$175,015 to \$228,071 or from \$47.02 to \$53.34 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables along with board of review comparables #1, #4 and #5. These properties differ from the subject in dwelling size, unfinished basement and/or lack an inground swimming pool amenity like the subject.

The Board finds the best evidence of assessment equity to be the remaining two comparables which are more similar to the subject in location, age, design, dwelling size, finished basement and inground pool feature. These two best comparables have improvement assessments of \$189,562 and \$219,007 or for \$48.01 and \$48.78 per square foot of living area, respectively. The subject's improvement assessment of \$207,775 or \$48.00 per square foot of living area is bracketed by the two best comparables in this record on an overall basis and falls just below the two best comparables on a per square foot basis. After considering appropriate adjustments to

the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
