

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wei Guo
DOCKET NO.: 19-07580.001-R-1
PARCEL NO.: 15-18-104-004

The parties of record before the Property Tax Appeal Board are Wei Guo, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$45,136
IMPR.: \$199,651
TOTAL: \$244,787

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 4,600 square feet of living area. The dwelling was constructed in 2001 and is 18 years old. Features of the home include a basement with finished area, central air conditioning, one fireplace and a 690 square foot garage. The property has an approximately 23,958 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends assessment inequity, with respect to the improvement assessment, as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject. The comparables are improved with two-story dwellings of Dryvit or wood siding exterior construction that range in size from 4,667 to 5,502 square feet of living area. The homes range in age from 18 to 20 years old. Each comparable has an unfinished basement, central air

conditioning, one or two fireplaces and a garage ranging in size from 690 to 968 square feet of building area. The comparables have improvement assessments that range from \$176,984 to \$229,848 or from \$36.27 to \$41.90 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$186,138 or \$40.46 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$244,787. The subject has an improvement assessment of \$199,651 or \$43.40 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same assessment neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick or frame exterior construction that range in size from 4,502 to 4,642 square feet of living area. The homes were built from 2000 to 2002. Each comparable has a basement, two with finished area, central air conditioning, one or two fireplaces and a garage ranging in size from 726 to 968 square feet of building area. Comparables #3 and #4 also have and inground swimming pool. The comparables have improvement assessments that range from \$196,991 to \$216,583 or from \$43.51 to \$47.76 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments, for the assessment year in question, of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board's consideration. The Board gives less weight to appellant's comparables #1, #3 and #4 along with board of review comparables #3 and #4 which are less similar to the subject in dwelling size, relative to other comparables in the record, and/or have an inground swimming pool which the subject property does not include.

The Board finds the best evidence of assessment equity to be the remaining comparables which are more like the subject in location, age, dwelling size and other features. These comparables have improvement assessments that range from \$195,096 to \$205,894 or from \$41.80 to \$44.35 per square foot of living area. The subject's improvement assessment of \$199,651 or \$43.40 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
