

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Keith Freedman
DOCKET NO.: 19-07583.001-R-1
PARCEL NO.: 15-28-101-022

The parties of record before the Property Tax Appeal Board are Keith Freedman, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$33,393
IMPR.: \$127,285
TOTAL: \$160,678

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,740 square feet of living area. The dwelling was constructed in 1990 and is approximately 29 years old. Features of the home include a basement with 765 square feet of finished area, central air conditioning, a fireplace, and a 420 square foot garage. The property has an approximately 10,328 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located from 0.03 to 0.11 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of wood siding exterior construction ranging in size from 3,174 to 3,230 square feet of living area. The dwellings range in age from 29 to 31

years old. Each home has a basement, one of which has 418 square feet of finished area, central air conditioning, a fireplace, and a garage ranging in size from 441 to 483 square feet of building area. The comparables have improvement assessments ranging from \$130,237 to \$142,597 or from \$41.03 to \$44.38 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$160,678. The subject property has an improvement assessment of \$127,285 or \$46.45 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables. The comparables are located from 0.05 to 0.15 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of wood siding exterior construction ranging in size from 2,740 to 2,890 square feet of living area. The dwellings were built from 1988 to 1991. Each home has a basement with 675 to 1,140 square feet of finished area, central air conditioning, one or two fireplaces, and a 420 square foot garage. Comparable #5 has a hot tub. The comparables have improvement assessments ranging from \$126,361 to \$138,118 or from \$46.12 to \$48.61 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #4, due to their lack of finished basement area which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #3 and the board of review's comparables, which are similar to the subject in dwelling size, age, location, and most features. These comparables have improvement assessments that range from \$126,361 to \$138,118 or from \$41.03 to \$48.61 per square foot of living area. The subject's improvement assessment of \$127,285 or \$46.45 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparable for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
