

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wayland Vacek
DOCKET NO.: 19-07585.001-R-1
PARCEL NO.: 11-20-218-014

The parties of record before the Property Tax Appeal Board are Wayland Vacek, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$61,987
IMPR.: \$141,347
TOTAL: \$203,334

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick construction with 3,079 square feet of living area. The dwelling was constructed in 1967 and is approximately 52 years old. The home has an effective age of 1990.¹ Features of the home include a part basement part crawl-space foundation, central air conditioning, a fireplace, and a 672 square foot garage. The property has an approximately 14,156 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The comparables are located from 0.04 to 0.20 of a mile from the subject

¹ Additional details regarding the subject property not reported by the appellant are found in the subject's property record card presented by the board of review.

property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of brick or wood siding exterior construction ranging in size from 2,730 to 3,435 square feet of living area. The dwellings are 51 or 53 years old. Each home has a basement, central air conditioning, a fireplace, and a garage ranging in size from 420 to 484 square feet of building area. The comparables have improvement assessments ranging from \$110,959 to \$137,902 or from \$40.15 to \$42.19 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$125,777 or \$40.85 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$203,334. The subject property has an improvement assessment of \$141,347 or \$45.91 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The comparables are located from 0.07 to 0.16 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of wood siding exterior construction ranging in size from 2,407 to 3,905 square feet of living area. The dwellings were built in 1967 and 1968 with comparables #1 and #2 each having an effective age of 1991 and comparable #4 having an effective age of 1971. Each home has a basement, central air conditioning, a fireplace, and a garage ranging in size from 429 to 744 square feet of building area. Comparable #2 has an inground swimming pool. The comparables have improvement assessments ranging from \$121,914 to \$201,310 or from \$43.30 to \$51.55 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables #1 and #2 due to significant differences from the subject in dwelling size. Moreover, the board of review's comparable #2 has an inground swimming pool which is not a feature of the subject.

The Board finds the best evidence of assessment equity to the appellant's comparables and the board of review's comparables #3 and #4, which are similar to the subject in dwelling size, age, location, and most features, although the subject has a newer effective age than these comparables. These comparables have improvement assessments that range from \$110,959 to \$140,231 or from \$40.15 to \$44.96 per square foot of living area. The subject's improvement assessment of \$141,347 or \$45.91 per square foot of living area falls slightly above the range

established by the best comparables in this record, which appears to be justified give the subject's newer effective age than the best comparables. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
