

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Rendall
DOCKET NO.: 19-07593.001-R-1
PARCEL NO.: 11-29-311-012

The parties of record before the Property Tax Appeal Board are Christopher Rendall, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,632
IMPR.: \$119,405
TOTAL: \$168,037

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of frame exterior construction with 2,457 square feet of living area. The dwelling was constructed in 1997 and is approximately 22 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 660 square foot garage. The property has a 10,650 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same assessment neighborhood code as the subject and located within .23 of a mile from the subject property. The comparables are improved with two-story dwellings of brick and frame exterior construction with 2,940 or 3,016 square feet of living area. The dwellings range in age from 18 to 21 years old. Each comparable has an unfinished basement,

central air conditioning and a garage with 604 square feet of building area. One comparable has a fireplace. The comparables have improvement assessments that range from \$124,845 to \$129,397 or from \$42.46 to \$42.90 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$104,711 or \$42.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$168,037. The subject property has an improvement assessment of \$119,405 or \$48.60 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject and located within .21 of a mile from the subject property. The comparables are improved with one-story dwellings of frame, brick or brick and frame exterior construction with 2,457 or 2,642 square feet of living area. The dwellings were built from 1997 to 1999. The comparables have unfinished basements, two of which are walk-out designs. Each comparable has central air conditioning, a fireplace and a garage with 660 square feet of building area. The comparables have improvement assessments that range from \$119,405 to \$139,506 or from \$48.60 to \$53.63 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of nine suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger dwelling sizes and dissimilar two-story designs when compared to the subject dwelling's one-story design. The Board finds the best evidence of assessment equity to be the comparables provided by the board of review which are similar to the subject in location, dwelling size, design, age and most features. Furthermore, four of the five comparables are identical to the subject in dwelling size. The board of review comparables have improvement assessments that range from \$119,405 to \$139,506 or from \$48.60 to \$53.63 per square foot of living area. The subject's improvement assessment of \$119,405 or \$48.60 per square foot of living area is equal to the comparable at the lowest end of the range established by the best comparables in the record, specifically, board of review comparable #1. Therefore, based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
