

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry Papiernik
DOCKET NO.: 19-07595.001-R-1
PARCEL NO.: 11-29-312-026

The parties of record before the Property Tax Appeal Board are Jerry Papiernik, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,632
IMPR.: \$132,995
TOTAL: \$181,627

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame construction with 3,084 square feet of living area. The dwelling was built in 1999 and is approximately 20 years old. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 604 square feet of building area. The property has a 13,010 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables improved with two-story dwellings of frame or brick and frame construction ranging in size from 3,390 to 3,497 square feet of living area. The dwellings range in age from 19 to 21 years old. Each comparable has an unfinished full basement, central air conditioning, one fireplace, and an attached garage with either 612 or 622 square feet of building area. The

comparables have the same assessment neighborhood code as the subject property and are located from .04 to .09 of one mile from the subject property. The improvement assessments on these properties range from \$140,520 to \$147,259 or from \$41.45 to \$42.12 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$128,965.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$181,627. The subject property has an improvement assessment of \$132,995 or \$43.12 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted a uniformity grid analysis containing information on five equity comparables improved with two-story dwellings of brick or brick and wood siding exterior construction with either 3,016 or 3,084 square feet of living area. The dwellings were built from 1998 to 2001. Each comparable has an unfinished full basement, central air conditioning, one or two fireplaces, and an attached garage with 604 square feet of building area. The comparables have the same assessment neighborhood code as the subject property and are located from approximately .05 to .19 of one mile from the subject property. The improvement assessments on these properties range from \$130,568 to \$132,995 or from \$43.08 to \$43.36 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine comparables submitted by the parties to support their respective positions. The comparables are similar to the subject in location and are improved with dwellings similar to the subject in age, style and features. The Board, however, gives less weight to the appellant's comparables as they are improved with homes slightly larger than the subject dwelling and are not as similar in size to the subject dwelling as are the comparables provided by the board of review. The Board finds the best evidence of assessment equity to be the board of review comparables as each of these comparables has a dwelling similar to the subject home in size. These comparables have improvement assessments that range from \$130,568 to \$132,995 or from \$43.08 to \$43.36 per square foot of living area. The subject's improvement assessment of \$132,995 or \$43.12 per square foot of living area falls within the range established by the best comparables in this record and equivalent to board of review comparables #1 and #2. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
