

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Anshi Chen  
DOCKET NO.: 19-07607.001-R-1  
PARCEL NO.: 15-28-103-027

The parties of record before the Property Tax Appeal Board are Anshi Chen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$45,567  
**IMPR.:** \$125,425  
**TOTAL:** \$170,992

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling with wood siding exterior construction containing 2,264 square feet of living area. The dwelling was constructed in 1987. Features of the home include a full basement, that is partially finished, central air conditioning and an attached 440 square foot garage. The property has a 12,719 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the subject's improvement as the basis of the appeal. In support of this argument the appellant submitted assessment information on four equity comparables that are located from .27 to .47 of a mile from the subject. The comparables are improved with two-story dwellings containing from 2,304 to 2,470 square feet of living area. The dwellings were built from 1985 to 1987. The comparables have full unfinished basements, central air conditioning and an attached 400 or 440 square foot garage.

Three comparables each have a fireplace. The comparables have improvement assessments ranging from \$108,956 to \$125,584 or from \$47.29 to \$50.84 per square foot of living area.

Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$112,577 or \$49.72 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$170,992. The subject property has an improvement assessment of \$125,425 or \$55.40 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on five equity comparables that are located from .19 to .65 of a mile from the subject. The comparables are improved with two-story dwellings containing from 2,252 to 2,576 square feet of living area. The dwellings were built from 1986 to 1988, with one home built in 1986 having a 1987 effective age. The comparables have full basements, three of which are partially finished, central air conditioning, one or two fireplaces and an attached 440 or 483 square foot garage. Two comparables each have a swimming pool. The comparables have improvement assessments ranging from \$126,842 to \$138,421 or from \$52.44 to \$56.70 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's assessments.

### **Conclusion of Law**

The taxpayer contends assessment inequity with respect to the subject's improvement as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparables #2 and #4, as these comparables each have a swimming pool, which the subject lacks. The Board finds the parties' remaining comparables have varying degrees of similarity to the subject, however, five of the parties' best comparables lack finished basement area, unlike the subject. Nevertheless, the best comparables have improvement assessments ranging from \$108,956 to \$136,121 or from \$47.29 to \$56.70 per square foot of living area. The subject's improvement assessment of \$125,425 or \$55.40 per square foot of living area falls within the range established by the best improvement comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is equitably assessed and a reduction in the subject's assessment based on assessment uniformity is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
