

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Bever
DOCKET NO.: 19-07611.001-R-1
PARCEL NO.: 15-32-103-040

The parties of record before the Property Tax Appeal Board are John Bever, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$34,207
IMPR.: \$88,598
TOTAL: \$122,805

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling with wood siding exterior construction containing 2,136 square feet of living area. The dwelling was constructed in 1970. Features of the home include a crawl-space foundation, central air conditioning and an attached 440 square foot garage. The property has a 9,360 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that are located from .53 to .72 of a mile from the subject. The comparables have sites ranging in size from 8,768 to 9,051 square feet of land area that are improved with two-story dwellings containing from 2,136 to 2,772 square feet of living area. The dwellings were built from 1970 to 1972. The comparables have crawl-space foundations, central air conditioning, a fireplace and an attached 440 square foot

garage. The comparables sold from August 2018 to March 2019 for prices ranging from \$300,310 to \$395,000 or from \$132.18 to \$147.55 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$122,805. The subject's assessment reflects a market value of \$373,381 or \$174.80 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located from .23 to .69 of a mile from the subject. The comparables have sites ranging in size from 8,770 to 10,610 square feet of land area that are improved with two-story dwellings containing 2,136 square feet of living area. The dwellings were built from 1970 to 1973. One of the comparables has a full basement, that is partially finished, and four comparables have crawl-space foundations. The comparables have central air conditioning, a fireplace and an attached 440 square foot garage. The comparables sold from February 2018 to May 2019 for prices ranging from \$370,000 to \$405,000 or from \$173.22 to \$189.61 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2 and #4, due to their larger dwelling size when compared to the subject. The Board also gives less weight to the board of review's comparable #1 due to its dissimilar full basement foundation, that is partially finished, when compared to the subject. The Board finds the parties' remaining comparables have varying degrees of similarity to the subject and sold proximate in time to the January 1, 2019 assessment date at issue. The best comparables sold from February 2018 to May 2019 for prices ranging from \$300,310 to \$385,000 or from \$140.59 to \$180.24 per square foot of living area, including land. The subject's assessment reflects a market value of \$373,381 or \$174.80 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this record the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
