

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Henry Segal
DOCKET NO.: 19-07615.001-R-1
PARCEL NO.: 15-28-307-022

The parties of record before the Property Tax Appeal Board are Henry Segal, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 25,581
IMPR.: \$114,275
TOTAL: \$139,856

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,266 square feet of living area. The dwelling was constructed in 1985 and is approximately 34 years old. Features of the home include a partial basement with a 442 square foot recreation room, central air conditioning, a fireplace and a 441 square foot garage. The property has an approximately 9,995 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same assessment neighborhood code as the subject and within .45 of a mile from the subject. The comparables consist of two-story dwellings of wood siding exterior construction that are from 39 to 41 years old. The homes contain either 2,444 or 2,460 square

feet of living area. Each dwelling has an unfinished full basement, central air conditioning, and a garage containing either 420 or 460 square feet of building area. The comparables have improvement assessments ranging from \$113,537 to \$114,794 or from \$46.46 to \$46.66 per square foot of living area.

Based on this evidence, the appellant requested a reduced improvement assessment of \$105,595 or \$46.60 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$139,856. The subject property has an improvement assessment of \$114,275 or \$50.43 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables located in the same assessment neighborhood code as the subject and within .36 of a mile from the subject. The comparables consist of two-story dwellings of wood siding exterior construction that were built between 1985 and 1987. The homes each contain 2,266 square feet of living area. Each dwelling has a full basement, three of which have finished areas ranging from 317 to 840 square feet. Features include central air conditioning and a 441 square foot garage. Three of the comparables each have a fireplace. The comparables have improvement assessments ranging from \$113,813 to \$126,536 or from \$50.23 to \$55.84 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables and board of review comparables #1 and #2 due to their lack of a finished basement which is a feature of the subject dwelling.

The Board finds the best evidence of assessment equity to be board of review comparables #3, #4 and #5 which are similar in location, age, dwelling size, finished basement and some other features when compared to the subject. These comparables have improvement assessments that range from \$113,813 to \$126,536 or from \$50.23 to \$55.84 per square foot of living area. The subject's improvement assessment of \$114,275 or \$50.43 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence

that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
