

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Matthew & Amy Meliker  
DOCKET NO.: 19-07634.001-R-1  
PARCEL NO.: 15-20-305-011

The parties of record before the Property Tax Appeal Board are Matthew & Amy Meliker, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$40,170  
**IMPR.:** \$141,529  
**TOTAL:** \$181,699

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,900 square feet of living area. The dwelling was constructed in 1996 and is 23 years old. Features of the home include a basement that is finished with a recreation room, central air conditioning, one fireplace and a 620 square foot garage. The property has a 11,761 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables with the same assessment neighborhood code as the subject. The comparables are described as two-story dwellings of wood siding exterior construction with 3,647 square feet of living area. The dwellings are 23 or 24 years old. Each comparable has an unfinished basement, central air conditioning and a garage with 651 square feet of building area. Three comparables

each have a fireplace. The comparables have improvement assessments ranging from \$158,439 to \$165,466 or \$43.44 to \$45.37 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$181,699. The subject property has an improvement assessment of \$141,529 or \$48.80 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on five equity comparables with the same assessment neighborhood code as the subject. The comparables consist of two-story dwellings of wood siding, brick or brick and wood siding exterior construction that range in size from 2,871 to 3,240 square feet of living area. The dwellings were constructed in 1995 or 1997. The comparables have basements with three having recreation rooms. Each comparable has central air conditioning, one or two fireplaces, and a garage ranging in size from 620 to 682 square feet of building area. The comparables have improvement assessments ranging from \$140,530 to \$147,708 or from \$43.37 to \$49.44 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparables and board of review comparables #3 and #5 which have unfinished basements unlike the subject. In addition, the appellants' comparables are approximately 26% larger in dwelling size when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1, #2 and #4 which overall are more similar to the subject in location, age, dwelling size and features. These properties have improvement assessments ranging from \$141,935 to \$142,875 or from \$48.40 to \$49.44 per square foot of living area. The subject's improvement assessment of \$141,529 or \$48.80 per square foot of living area, falls within the range established by the best comparables in the record on a per square foot basis and slightly below on an overall basis. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
