

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Edward Rogan
DOCKET NO.: 19-07786.001-R-1
PARCEL NO.: 10-27-400-026

The parties of record before the Property Tax Appeal Board are Edward Rogan, the appellant, by attorney Andrew J. Rukavina, of The Tax Appeal Company in Mundelein; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$98,921
IMPR.: \$72,280
TOTAL: \$171,201

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 2,624 square feet of living area. The dwelling was constructed in 1952. Features of the home include a basement with finished area, central air conditioning, two fireplaces and a 621 square foot garage. The property has an approximately 84,940 square foot site and is located in Mundelein, Fremont Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales reported to be located from 0.30 of a mile to 2.06 miles from the subject property. The comparables have sites that range in size from 68,820 to 110,210 square feet of land area and are improved with one-story or two-story dwellings of brick or wood siding exterior construction that range in size from 1,911 to 3,269 square feet of living area. The dwellings were built from 1863 to 1976. Four comparables have

a basement three of which have finished area and one comparable has a crawl space foundation. Four comparables have central air conditioning. Each comparable has one or two fireplaces and either one or two garages ranging in size from a combined 483 to 2,016 square feet of building area. The properties sold from June 2016 to September 2019 for prices ranging from \$260,000 to \$605,000 or from \$104.75 to \$227.63 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$141,988 which reflects a market value of \$426,007 or \$162.35 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,201. The subject's assessment reflects a market value of \$520,526 or \$198.37 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.62 of a mile from the subject property. Board of review comparables #3, #4 and #5 are the same properties as the appellant's comparables #1, #2 and #4, respectively. The comparables have sites that range in size from 68,820 to 115,430 square feet of land area and are improved with one-story dwellings of brick or wood siding exterior construction that range in size from 1,805 to 3,250 square feet of living area. The homes were built from 1956 to 1976. Three comparables have a basement with finished area and two comparables have a crawl space foundation. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 483 to 1,296 square feet of building area. The properties sold from August 2017 to August 2019 for prices ranging from \$370,000 to \$610,000 or from \$162.35 to \$337.95 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparable sales for the Board's consideration, as three properties were common to both parties. The Board gives less weight to the appellant's comparables #4 and #5, which includes a common comparable, as these properties sold in 2016 or 2017, less proximate in time to the January 1, 2019 assessment date than other comparables in the record.

The Board finds the best evidence of market value to be the remaining comparables which sold more proximate to the assessment date at issue but have varying degrees of similarity to the subject in location, age, design, dwelling size and other features. Nevertheless, these comparables sold from June 2018 to September 2019 for prices ranging from \$385,000 to \$610,000 or from \$117.77 to \$337.95 per square foot of living area, including land. The

subject's assessment reflects a market value of \$520,526 or \$198.37 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
