

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Carol Gottke
DOCKET NO.: 19-07800.001-R-1
PARCEL NO.: 06-02-209-020

The parties of record before the Property Tax Appeal Board are Carol Gottke, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,548
IMPR.: \$55,586
TOTAL: \$64,134

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,347 square feet of living area. The dwelling was constructed in 2003. Features of the home include a basement, central air conditioning, a fireplace, and a 400 square foot garage. The property has a 10,010 square foot site and is located in Lindenhurst, Lake Villa Township, Lake County.

The appellant contends assessment inequity concerning the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables. The comparables are located from 0.43 to 0.57 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with two-story homes of wood siding exterior construction with either 1,554 or 1,723 square feet of living area. The dwellings were built from 1975 to 1978. Each home has a

basement, one of which has finished area, central air conditioning, a fireplace, and a garage ranging in size from 294 to 462 square feet of building area. The comparables have improvement assessments ranging from \$49,837 to \$57,884 or from \$32.07 to \$33.59 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment to \$44,087 or \$32.73 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,134. The subject property has an improvement assessment of \$55,586 or \$41.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The comparables are located from 0.17 to 0.65 of a mile from the subject property and within the same assessment neighborhood code as the subject property. The comparables are improved with one-story or two-story homes of brick or wood siding exterior construction ranging in size from 1,380 to 1,696 square feet of living area. The dwellings were built from 1986 to 2002. Each home has a basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 400 to 484 square feet of building area. The comparables have improvement assessments ranging from \$52,239 to \$63,199 or from \$36.83 to \$39.60 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the board of review's comparable #4 due to significant differences from the subject in design.

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparables #1, #2, and #3, which have varying degrees of similarity to the subject. These comparables are all much larger homes than the subject and five of these comparables are significantly older homes than the subject. These most similar comparables have improvement assessments that range from \$49,837 to \$63,199 or from \$32.07 to \$39.60 per square foot of living area. The subject's improvement assessment of \$55,586 or \$41.27 per square foot of living area falls within the range established by the best comparables in terms of

total improvement assessment but above the range on a per square foot basis, which is logical because the subject is a much smaller home than the best comparables. The Board notes the principle of the economies of scale which generally provides that if all other things are equal, as the size of a property increases, the per unit value decreases. In contrast, as the size of a property decreases, the per unit value increases.

Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
