

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Kelch
DOCKET NO.: 19-07886.001-R-1
PARCEL NO.: 07-26-101-033

The parties of record before the Property Tax Appeal Board are David Kelch, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,792
IMPR.: \$90,857
TOTAL: \$107,649

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,209 square feet of living area. The dwelling was constructed in 1988 and is 31 years old. Features of the home include an unfinished basement, central air conditioning, a fireplace¹ and a 546 square foot garage. The property has an approximately 20,040 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted a grid analysis and Multiple Listing Service (MLS) sheets with information on four comparable sales located in the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 9,060 to 14,000 square feet of land

¹ The Board finds the best description of the subject property was reported in the subject's property record card, submitted by the board of review.

area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,029 to 2,522 square feet of living area. The dwellings range in age from 29 to 31 years old. Each comparable has a basement, one with finished area,² central air conditioning, one or two fireplaces and either a 2-car or a 3-car garage. The properties sold from February 2017 to March 2019 for prices ranging from \$272,000 to \$360,000 or from \$130.90 to \$142.79 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$100,272 which reflects a market value of \$300,846 or \$136.19 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,649. The subject's assessment reflects a market value of \$327,300 or \$148.17 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.45 of a mile from the subject and within the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 8,840 to 14,380 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,190 to 2,426 square feet of living area. The homes were built from 1989 to 1992. Each comparable has a basement, three with finished area, central air conditioning, one fireplace and a garage ranging in size from 504 to 940 square feet of building area. The properties sold from April to August 2019 for prices ranging from \$359,000 to \$374,000 or from \$153.03 to \$166.44 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 which sold in 2017, less proximate in time to the January 1, 2019 assessment date than other comparables in the record. The Board gives less weight to the board of review comparables #1, #3 and #5 which have finished basements in contrast to the subject's unfinished basement.

² Some property characteristics of the appellant's comparables were corrected or amended with information reported in the MLS sheets submitted by the appellant.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and other features, although each of these best comparables has a substantially smaller site size relative to the subject's site size, suggesting an upward adjustment is needed to make these properties more equivalent to the subject. These comparables sold from October 2018 to August 2019 for prices ranging from \$305,000 to \$373,000 or from \$130.90 to \$166.44 per square foot of living area, including land. The subject's assessment reflects a market value of \$327,300 or \$148.17 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
