

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank Karkazis
DOCKET NO.: 19-07914.001-R-1
PARCEL NO.: 16-19-400-007

The parties of record before the Property Tax Appeal Board are Frank Karkazis, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$215,243
IMPR.: \$337,478
TOTAL: \$552,721

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 6,601 square feet of living area. The dwelling was constructed in 2013. Features of the home include an unfinished basement, central air conditioning, two fireplaces, a 2,072 square foot garage and an inground swimming pool. The property has an approximately 189,050 square foot site and is located in Bannockburn, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted a grid analysis and Multiple Listing Service (MLS) information on four comparable sales located in the same assessment neighborhood code as the subject property. The comparables have sites that range in size from 80,521 to 98,450 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 3,625 to 6,052 square feet of living area. The dwellings were built from 2001 to 2005.

Each comparable has a basement, three with finished area,¹ central air conditioning, one or three fireplaces and a garage ranging in size from 561 to 1,439 square feet of building area. Comparable #2 has an inground swimming pool. The properties sold from November 2017 to June 2019 for prices ranging from \$723,000 to \$1,500,000 or from \$199.45 to \$247.85 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$494,053 which reflects a market value of \$1,482,307 or \$224.56 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$552,721. The subject's assessment reflects a market value of \$1,680,514 or \$254.58 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located from 0.29 of a mile to 1.03 miles from the subject and in the same assessment neighborhood code as the subject property. Board of review comparable #1 is the same property as the appellant's comparable #1. The comparables have sites that range in size from 98,450 to 246,110 square feet of land area and are improved with two-story dwellings of brick or wood siding exterior construction that range in size from 6,052 to 8,821 square feet of living area. The homes were built from 2003 to 2005. Each comparable has a basement, two with finished area, central air conditioning, two to four fireplaces and a garage ranging in size from 906 to 1,649 square feet of building area. Comparables #2 and #3 have inground swimming pools. The properties sold from September 2018 to July 2019 for prices ranging from \$1,500,000 to \$2,800,000 or from \$247.85 to \$341.88 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to the appellant's comparables #2, #3 and #4 along with board of review comparables #3 and #4 which differ substantially in dwelling size when compared to the subject and/or sold in 2017, less proximate in time to the January 1, 2019 assessment date than other comparables in the record.

¹ Some property characteristics for the appellant's comparables have been corrected or amended with information reported in the MLS sheets for each of the properties which were submitted by the appellant.

The Board finds the best evidence of market value to be the remaining two comparables, including the common comparable, which sold more proximate in time to the assessment date at issue and more similar to the subject in location, age, design, dwelling size and some other features. These two best comparables sold in June and July 2019 for prices of \$1,500,000 and \$2,707,000 or for \$247.85 and \$341.88 per square foot of living area, including land. The subject's assessment reflects a market value of \$1,680,514 or \$254.58 per square foot of living area, including land, which is bracketed by the two best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
