

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Inga Sapalaite  
DOCKET NO.: 19-07921.001-R-1  
PARCEL NO.: 08-04-412-266

The parties of record before the Property Tax Appeal Board are Inga Sapalaite, the appellant; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,830  
**IMPR.:** \$23,750  
**TOTAL:** \$26,580

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a residential condominium unit of brick exterior construction with 1,095 square feet of living area. The building was constructed in 1970 and features central air conditioning. The property is located in Lisle, Lisle Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted a grid analysis, Multiple Listing Service (MLS) sheets and/or copies of deed information on three comparable sales located within 0.10 of a mile from the subject and in the same assessment neighborhood code as the subject property. The comparables are improved with residential condominium units of brick exterior construction that range in size from 1,016 to 1,093 square feet of living area, each built in 1970 and have central air conditioning. The properties sold from June 2018 to April 2020 for prices ranging from \$40,000 to \$60,000 or from \$36.76 to \$59.05 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$15,000 which reflects a market value

of \$45,005 or \$41.10 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,580. The subject's assessment reflects a market value of \$80,570 or \$73.58 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for DuPage County of 32.99% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted a grid analysis and copies of the PTAX-203 Illinois Real Estate Transfer Declaration on three comparable sales located in the same assessment neighborhood code as the subject property. The board of review commented that the subject and all comparables sales are "2 Bedroom/2 Bath condos in Lisle." The comparables are improved with residential condominium units of brick exterior construction that range in size from 1,079 to 1,088 square feet of living area, each built in 1970 and have central air conditioning. The properties sold from March 2018 to January 2019 for prices ranging from \$103,000 to \$105,000 or from \$95.28 to \$97.31 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #4 which sold in April 2020, approximately 16 months after the January 1, 2019 assessment date at issue.

The Board finds the best evidence of market value to be the remaining comparables which are more similar to the subject in location, age, design, dwelling size and other features. These comparables sold from March 2018 to September 2019 for prices ranging from \$40,000 to \$105,000 or from \$36.76 to \$97.31 per square foot of living area, including land. The subject's assessment reflects a market value of \$80,570 or \$73.58 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
