

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Inga Sapalaite
DOCKET NO.: 19-07924.001-R-1
PARCEL NO.: 08-04-412-133

The parties of record before the Property Tax Appeal Board are Inga Sapalaite, the appellant, and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,980
IMPR.: \$17,780
TOTAL: \$19,760

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a condominium unit of brick and frame exterior construction with 750 square feet of living area. The dwelling was constructed in 1970. Features of the unit include central air conditioning and one full bath. The property is located in Lisle, Lisle Township, DuPage County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales with the same assessment neighborhood code as the subject. The comparables are described as condominium units of brick and vinyl exterior construction ranging in size from 756 to 811 square feet of living area and were constructed in 1970. Each unit has central air conditioning and one full bath. The comparables sold from March 2016 to June 2017 for prices ranging from \$40,750 to \$47,500 or from \$50.75 to \$62.83 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$19,760. The subject's assessment reflects a market value of \$59,987 or \$79.86 per square foot of living area, land included, when using the 2019 three year average median level of assessment for DuPage County of 32.99% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information through the township assessor on three comparable sales with the same assessment neighborhood code as the subject. The comparables are improved with condominium units of brick exterior construction ranging in size from 785 to 814 square feet of living area and were constructed in 1970. Each unit has central air conditioning and one full bath. The comparables sold from January 2018 to April 2019 for prices ranging from \$65,000 to \$70,000 or from \$79.85 to \$89.17 per square foot of living area, including land. The assessor provided a real estate transfer declaration associated with each comparable sale and a location map of both parties' comparables in relation to the subject. Based on this evidence, the board of review requested that the subject property's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the parties submitted six suggested comparable sales for the Board's consideration that are similar to the subject in location, age, dwelling size and features. However, the Board finds the appellant's comparables sold less proximate in time to the January 1, 2019 assessment date than the board of review comparables and were given less weight by the Board.

The Board finds the best evidence of the subject's market value to be the board of review comparables which sold proximate in time to the January 1, 2019 assessment date. These comparables sold from January 2018 to April 2019 for prices ranging from \$65,000 to \$70,000 or from \$79.85 to \$89.17 per square foot living area, including land. The subject's assessment reflects an estimated market value of \$59,987 or \$79.86 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record on price per square foot and below the range on overall market value. After considering adjustments to the best comparables for any differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is well supported and no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
