

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cerberus SFR Holdings II LP
DOCKET NO.: 19-07982.001-R-1
PARCEL NO.: 06-22-311-004

The parties of record before the Property Tax Appeal Board are Cerberus SFR Holdings II LP, the appellant, by attorney Abby L. Strauss of Schiller Law P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,978
IMPR.: \$61,806
TOTAL: \$73,784

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of vinyl siding exterior construction with 1,716 square feet of living area. The dwelling was constructed in 1998. Features of the home include a basement finished with a recreation room, central air conditioning, a fireplace and a 441 square foot garage. The property has a 10,720 square foot site and is located in Grayslake, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal.¹ In support of this argument the appellant submitted information on three comparable sales with the same assessment neighborhood code as the subject and located within .50 of a mile from the subject property. The

¹ The appellant marked assessment inequity as the basis of the appeal, however, no assessment data was provided for the three comparable properties shown in the appellant's grid analysis. The appellant's evidence included sales data for the three comparables, therefore, the Board will analyze this appeal based on overvaluation.

comparables have sites that range in size from 8,110 to 9,350 square feet of land area and are improved with two-story dwellings of vinyl siding exterior construction, each with 1,932 square feet of living area. The dwellings were built in 1994 or 1996. Each comparable has a basement finished with a recreation room, central air conditioning and a 440 square foot garage. Comparable #3 has a fireplace. The comparables sold from April 2017 to June 2019 for prices ranging from \$225,000 to \$235,000 or from \$116.46 to \$121.64 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$68,089, which would reflect a market value of \$204,287 or \$119.05 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,784. The subject's assessment reflects a market value of \$224,336 or \$130.73 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .53 of a mile from the subject property. The comparables have sites that range in size from 8,540 to 10,220 square feet of land area and are improved with two-story dwellings of vinyl siding exterior construction with 1,716 or 1,770 square feet of living area. The dwellings were built from 1993 to 1997. Each comparable has a basement finished with a recreation room, central air conditioning and a garage with either 400 or 441 square feet of building area. Two comparables each have one fireplace. The properties sold from March 2018 to December 2019 for prices ranging from \$222,500 to \$238,000 or from \$129.66 to \$136.95 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #3 as its sale date occurred in 2017 which is dated and less likely to be indicative of the subject's market value as of the January 1, 2019 assessment date.

The Board finds the parties' remaining comparables sold proximate to the assessment date at issue and are similar to the subject in location, dwelling size, design, age and most features. However, the Board finds best evidence of market value to be board of review comparables #2, #3, #4 and #5 which are identical to the subject in dwelling size and garage size. These four properties sold from March 2018 to December 2019 for prices ranging from \$222,500 to

\$238,000 or from \$129.66 to \$136.95 per square foot of living area, including land. The subject's assessment reflects a market value of \$224,336 or \$130.73 per square foot of living area, including land, which falls at the lower end of the range established by these most similar comparables in the record both in terms of overall market value and on a price per square foot basis. Therefore, based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
