

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Zina O'Callaghan
DOCKET NO.: 19-08076.001-R-1
PARCEL NO.: 09-18-206-017

The parties of record before the Property Tax Appeal Board are Zina O'Callaghan, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the DuPage County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **DuPage** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$42,420
IMPR.: \$41,870
TOTAL: \$84,290

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the DuPage County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 960 square feet of living area. The dwelling was constructed in 1952. Features of the home include a 280 square foot garage. The property has a 13,543 square foot site and is located in Downers Grove, Downers Grove Township, DuPage County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three suggested equity comparables located in the same neighborhood code as the subject property. The comparables were improved with 1.5-story or 1-story dwellings of frame exterior construction that ranged in size from 837 to 1,233 square feet of living area. The dwellings were built from 1951 to 1957. Two comparables have full basements with finished area and a garage that contains either 288 or 440 square feet of building area. The comparables have improvement

assessments that ranged from \$32,530 to \$50,650 or from \$37.65 to \$41.05 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$38,121 or \$39.71 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,290. The subject property has an improvement assessment of \$41,870 or \$43.61 per square foot of living area. In support of its contention of the correct assessment the board of review through the township assessor submitted property record cards and a grid analysis on three suggested equity comparables located in the same neighborhood code as the subject property. The comparables were improved with 1-story dwellings of frame exterior construction ranging in size from 864 to 960 square feet of living area. The dwellings were built in 1956 or 1957. One comparable has central air conditioning and each comparable has a garage ranging in size from 352 to 528 square feet of building area. The comparables have improvement assessments that ranged from \$38,760 to \$43,100 or from \$43.85 to \$44.90 per square foot of living area. Based on this evidence, the board of review requests confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested comparables for the Board's consideration. The Board gave less weight to the appellant's comparables based on difference in design, basement foundation or lack of a garage when compared to the subject. The Board gave less weight to the board of review comparable #3 as this property has central air conditioning, not a feature of the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2 as the comparables are similar when compared to the subject in design, age, dwelling size, and features. These comparables had improvement assessments of \$39,290 and \$38,760 or \$43.85 and \$44.86 per square foot of living area, respectively. The subject's improvement assessment of \$41,870 or \$43.61 per square foot of living area falls below the best comparables on a per square foot basis and above on a total improvement assessment basis which is supported by the subject's larger dwelling size. Based on this evidence, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement assessment was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
