

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cecilia Marriott
DOCKET NO.: 19-08461.001-R-1
PARCEL NO.: 16-23-210-006

The parties of record before the Property Tax Appeal Board are Cecilia Marriott, the appellant, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$79,367
IMPR.: \$41,434
TOTAL: \$120,801

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of brick and wood siding exterior construction with 1,394 square feet of living area. The dwelling was built in 1953. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 696 square foot garage. The property has a 12,040 square foot site and is located in Highland Park, Moraine Township, Lake County.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located from .87 to 2.94 miles from the subject, one of which has the same assessment neighborhood code as the subject. The comparables are described as one-story dwellings of brick or wood siding exterior construction ranging in size from 1,131 to 2,032 square feet of living area. The dwellings were built from 1952 to 1959. One comparable has a basement with finished area and three comparables have either a crawl space or concrete slab

foundation. Each comparable has central air conditioning. Three comparables each have one or two fireplaces. Three comparables each have a garage with 308 or 528 square feet of building area. The comparables have improvement assessments ranging from \$8,451 to \$53,553 or from \$7.47 to \$27.61 per square foot of living area. The appellant also provided a property record and exterior photograph for the subject and each comparable. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$120,801. The subject property has an improvement assessment of \$41,434 or \$29.72 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within .80 miles from the subject and with the same assessment neighborhood code as the subject. The comparables consist of one-story dwellings of brick or wood siding exterior construction ranging in size from 1,044 to 1,752 square feet of living area. The dwellings were constructed from 1951 to 1956. One comparable has a crawl space foundation and two comparables have unfinished basements. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 240 to 462 square feet of building area. The comparables have improvement assessments ranging from \$26,322 to \$58,676 or from \$23.40 to \$33.49 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and no reduction in the subject's assessment is warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their distant locations being from 1.03 to 2.94 miles away and/or significantly larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which overall are more similar to the subject in location, age, dwelling size and features. These comparables have improvement assessments ranging from \$26,322 to \$58,676 or from \$23.40 to \$33.49 per square foot of living area. The subject has an improvement assessment of \$41,434 or \$29.72 per square foot of living area, which falls within the improvement assessment range established by the best comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
