

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Keller
DOCKET NO.: 19-08491.001-R-1
PARCEL NO.: 15-32-303-007

The parties of record before the Property Tax Appeal Board are John Keller, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,683
IMPR.: \$79,317
TOTAL: \$107,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,115 square feet of living area. The dwelling was constructed in 1970. Features of the home include a crawl space foundation, central air conditioning, a fireplace and a 500 square foot garage. The property has an approximately 12,580 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.82 of a mile from the subject property. The comparables have sites that range in size from 8,775 to 13,150 square feet of land area and are improved with two-story dwellings of frame exterior construction each with 2,115 square feet of living area. The dwellings were built in 1970 or 1972. Each comparable has central air conditioning, one fireplace and a 500 square foot garage. The properties sold

from January 2018 to July 2019 for prices ranging from \$279,000 to \$328,000 or from \$131.91 to \$155.08 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$103,547 which reflects a market value of \$310,672 or \$146.89 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$121,248. The subject's assessment reflects a market value of \$368,647 or \$174.30 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.74 of a mile from the subject property. The comparables have sites that range in size from 8,770 to 12,000 square feet of land area and are improved with two-story dwellings of wood siding exterior construction with either 2,115 or 2,403 square feet of living area. The homes were built from 1970 to 1972. Four comparables have a basement with three having finished area and one comparable has a crawl space foundation. Each comparable has central air conditioning and a 500 square foot garage. Four comparables each have one fireplace. The properties sold from May 2018 to September 2019 for prices ranging from \$400,000 to \$449,500 or from \$170.62 to \$212.53 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted ten comparable sales for the Board's consideration. The Board gives less weight to the board of review comparables which differ from the subject in dwelling size and/or foundation type.

The Board finds the best evidence of market value to be the appellant's comparables which are similar to the subject in location, age and design and identical to the subject in dwelling size, foundation type and garage size. These comparables sold from January 2018 to July 2019 for prices ranging from \$279,000 to \$328,000 or from \$131.91 to \$155.08 per square foot of living area, including land. The subject's assessment reflects a market value of \$368,647 or \$174.30 per square foot of living area, including land, which falls above the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
