

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vamshidhar Dasyam
DOCKET NO.: 19-08495.001-R-1
PARCEL NO.: 14-03-102-042

The parties of record before the Property Tax Appeal Board are Vamshidhar Dasyam, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$38,554
IMPR.: \$131,957
TOTAL: \$170,511

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and brick exterior construction with 2,652 square feet of living area. The dwelling was constructed in 2017. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 610 square foot garage. The property has an approximately 9,601 square foot site and is located in Hawthorn Woods, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.47 of a mile from the subject property. The comparables have sites that range in size from 8,128 to 11,790 square feet of land area and are improved with two-story dwellings of frame and brick exterior construction that range in size from 2,474 to 3,146 square feet of living area. The dwellings were built in 2016 or 2018. Each comparable has an unfinished basement and a garage ranging in size from

486 to 716 square feet of building area. One comparable is reported to have central air conditioning and three comparables each have one fireplace. The properties sold from September 2018 to August 2019 for prices ranging from \$443,288 to \$518,888 or from \$164.94 to \$179.18 per square foot of living area, land included. The appellant's grid analysis reported that the subject property sold in March 2017 for a price of \$508,855 or \$191.88 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$151,237 which reflects a market value of \$453,756 or \$171.10 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$170,511. The subject's assessment reflects a market value of \$518,428 or \$195.49 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on ten comparable sales located within 0.51 of a mile from the subject property. The comparables have sites that range in size from 7,148 to 14,523 square feet of land area and are improved with two-story dwellings of frame and brick exterior construction that range in size from 2,399 to 2,719 square feet of living area. The homes were built from 2015 to 2018. Each comparable has an unfinished basement, central air conditioning and a garage ranging in size from 441 to 653 square feet of building area. Two comparables each have one fireplace. The properties sold from February 2018 to January 2019 for prices ranging from \$463,464 to \$527,054 or from \$188.49 to \$213.73 per square foot of living area, land included. The board of review's grid analysis reiterated the March 2017 sale price of the subject property. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted 15 comparable sales for the Board's consideration. The parties' comparables are each similar to the subject in location, age, design, dwelling size and other features. The properties sold from February 2018 to August 2019 for prices ranging from \$443,288 to \$519,896 or from \$164.94 to \$213.73 per square foot of living area, including land. The subject's assessment reflects a market value of \$518,428 or \$195.49 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. Furthermore, the subject's March 2017 sale price of \$508,855 or \$191.88 undermines the appellant's overvaluation argument and requested reduction in the subject's assessment. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
