

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel Altman
DOCKET NO.: 19-08498.001-R-1
PARCEL NO.: 15-32-206-023

The parties of record before the Property Tax Appeal Board are Daniel Altman, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,066
IMPR.: \$97,763
TOTAL: \$125,829

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,115 square feet of living area. The dwelling was constructed in 1972. Features of the home include a crawl space foundation, central air conditioning, a fireplace and a 500 square foot garage. The property has an approximately 9,470 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.52 of a mile from the subject property. The comparables have sites that range in size from 8,775 to 13,150 square feet of land area and are improved with two-story dwellings of frame exterior construction that each have 2,115 square feet of living area. The dwellings were built in either 1968 or 1970. One comparable has an unfinished basement. Each comparable has central air conditioning and a 500

square foot garage. Four comparables each have one fireplace. The properties sold from January 2018 to August 2019 for prices ranging from \$277,500 to \$346,000 or from \$131.21 to \$163.59 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's assessment be reduced to \$100,392 which reflects a market value of \$301,206 or \$142.41 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$125,829. The subject's assessment reflects a market value of \$382,575 or \$180.89 per square foot of living area, land included, when using the 2019 three-year average median level of assessment for Lake County of 32.89% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.29 of a mile from the subject property. The comparables have sites that range in size from 8,770 to 12,300 square feet of land area and are improved with two-story dwellings of wood siding exterior construction each with 2,115 square feet of living area. The homes were built in either 1970 or 1971. Three comparables have a basement with finished area and two comparables each have a crawl space foundation. Each comparable has central air conditioning and a 500 square foot garage. Four of the comparables each have one fireplace. The properties sold from March 2018 to October 2019 for prices ranging from \$380,000 to \$449,500 or from \$179.67 to \$212.53 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted ten comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #2 along with board of review comparables #3, #4 and #5 which differ from the subject in foundation type.

The Board finds the best evidence of market value to be the remaining comparables which are similar to the subject in location, age, design and identical in dwelling size and other features. These comparables sold from January 2018 to July 2019 for prices ranging from \$279,000 to \$393,000 or from \$131.91 to \$185.82 per square foot of living area, including land. The subject's assessment reflects a market value of \$382,575 or \$180.89 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
